14 Sec. 6. (a) Before a patient is qualified under the Kansas death with
15 dignity act, a consulting physician shall examine the patient and such

19 informed decision.

20 (b) If, in the opinion of the attending physician or the consulting
21 physician, a patient may be suffering from a psychiatric or psychological
22 disorder or depression causing impaired judgment, either physician shall
23 refer the patient for counseling. No medication to end a patient's life in a
24 humane and dignified manner shall be prescribed until the person
25 performing the counseling determines that the patient is not suffering from
26 a psychiatric or psychological disorder or depression causing impaired
27 judgment.

28 (c) No patient shall receive a prescription for medication to end such
29 patient's life in a humane and dignified manner unless such patient has
30 made an informed decision as defined in section 2, and amendments
31 thereto. Immediately prior to writing a prescription for medication under
32 the Kansas death with dignity act, the attending physician shall verify that
33 the patient is making an informed decision.

34 (d) The attending physician shall recommend that the patient notify
35 the next of kin regarding such patient's request for medication pursuant to
36 the Kansas death with dignity act. A patient who declines or is unable to
37 notify next of kin shall not have such patient's request denied for that
38 reason.

39 Sec. 7. (a) In order for a qualified patient to receive a prescription for
40 medication to end such qualified patient's life in a humane and dignified
41 manner, the qualified patient shall have made both an oral and written
42 request, and reiterate the oral request to such qualified patient's attending
43 physician no less than 15 days after making the initial oral request. At the

1 time the qualified patient makes such qualified patient's second oral
2 request, the attending physician shall offer the qualified patient an
3 opportunity to rescind the request.

4 (b) A qualified patient may rescind such qualified patient's request at
5 any time and in any manner without regard to such qualified patient's
6 mental state. No prescription for medication under the Kansas death with
7 dignity act may be written without the attending physician offering the
8 qualified patient an opportunity to rescind the request.

9 (c) No less than 15 days shall elapse between the qualified patient's
10 initial oral request and the writing of a prescription under the Kansas death
11 with dignity act. No less than 48 hours shall elapse between the qualified
12 patient's written request and the writing of a prescription under the Kansas
13 death with dignity act.

15 medical record:

29 patient's request at the time of the patient's second oral request pursuant to
30 section 7, and amendments thereto; and

32 under the Kansas death with dignity act have been met and indicating the
33 steps taken to carry out the request, including a notation of the medication
34 prescribed.

36 death with dignity act shall be granted. Factors demonstrating Kansas
37 residency include, but are not limited to:

1 shall annually review a sample of records maintained pursuant to the
2 Kansas death with dignity act.

3 (2) The department shall require any health care provider upon
4 dispensing medication pursuant to the Kansas death with dignity act to file
5 a copy of the dispensing record with the department.

6 (b) The department shall adopt rules and regulations to facilitate the
7 collection of information regarding compliance with the Kansas death with
8 dignity act. Except as otherwise required by law, the information collected
9 shall not be a public record and may not be made available for inspection
10 by the public.

11 (c) The department shall generate and make available to the public an
12 annual statistical report of information collected under subsection (b).

13 Sec. 11. (a) No provision in a contract, will or other agreement,
14 whether written or oral, to the extent the provision would affect whether a
15 person may make or rescind a request for medication to end such person's
16 life in a humane and dignified manner, shall be valid.

17 (b) No obligation owing under any currently existing contract shall be
18 conditioned or affected by the making or rescinding of a request by a
19 person for medication to end such person's life in a humane and dignified
20 manner.

21 Sec. 12. The sale, procurement or issuance of any life, health or
22 accident insurance or annuity policy or the rate charged for any policy
23 shall not be conditioned upon or affected by the making or rescinding of a
24 request by a person for medication to end such person's life in a humane
25 and dignified manner.

26 Sec. 13. Nothing in the Kansas death with dignity act shall be
27 construed to authorize a physician or any other person to end a patient's
28 life by lethal injection, mercy killing or active euthanasia. Actions taken in
29 accordance with the Kansas death with dignity act shall not constitute the
30 commission of a crime under the Kansas criminal code, K.S.A. 2014 Supp.
31 21-5101 et seq., and amendments thereto.

32 Sec. 14. Except as provided in section 15, and amendments thereto:

33 (a) (1) No person shall be subject to civil or criminal liability or
34 professional disciplinary action for participating in good faith compliance
35 with the provisions of the Kansas death with dignity act, which includes
36 being present when a qualified patient takes the prescribed medication to
37 end such patient's life in a humane and dignified manner.

38 (2) No professional organization or association, or health care
39 provider may subject a person to censure, discipline, suspension, loss of
40 license, loss of privileges, loss of membership or other penalty for
41 participating or refusing to participate in good faith compliance with the
42 provisions of the Kansas death with dignity act.

43 (3) No request by a patient for medication from an attending

1 physician in good faith compliance with the provisions of the Kansas death
2 with dignity act shall constitute neglect for any purpose of law or provide
3 the sole basis for the appointment of a guardian or conservator.

4 (4) No health care provider shall be under any duty, whether by
5 contract, by statute or by any other legal requirement to participate in the
6 provision to a qualified patient of medication to end such qualified
7 patient's life in a humane and dignified manner. If a health care provider is
8 unable or unwilling to carry out a patient's request under the Kansas death
9 with dignity act and the patient transfers such patient's care to a new health
10 care provider, the prior health care provider shall transfer, upon request, a
11 copy of the patient's relevant medical records to the new health care
12 provider.

13 (b) Notwithstanding any other provision of law, a health care provider
14 may prohibit another health care provider from participating under the
15 provisions of the Kansas death with dignity act on the premises of the
16 prohibiting provider if the prohibiting provider has notified the health care
17 provider of the prohibiting provider's policy regarding participating under
18 the Kansas death with dignity act. Nothing in this section prevents a health
19 care provider from providing health care services to a patient that does not
20 constitute participation under the provisions of the Kansas death with
21 dignity act.

22 (c) Notwithstanding the provisions of subsection (a), a health care
23 provider may subject another health care provider to the sanctions stated in
24 this section if the sanctioning health care provider has notified the
25 sanctioned provider prior to participation under the Kansas death with
26 dignity act that it prohibits participation under the Kansas death with
27 dignity act. Such sanctions may include:

28 (1) Loss of privileges, loss of membership or other sanction provided
29 pursuant to the medical staff bylaws, policies and procedures of the
30 sanctioning health care provider if the sanctioned provider is a member of
31 the sanctioning provider's medical staff and participates under the
32 provisions of the Kansas death with dignity act while on the premises of
33 the sanctioning health care provider, but not including the private medical
34 office of a physician or other health care provider;

35 (2) termination of lease or other property contract or other non-
36 monetary remedies provided by lease contract, not including loss or
37 restriction of medical staff privileges or exclusion from a provider panel, if
38 the sanctioned provider participates under the provisions of the Kansas
39 death with dignity act while on the premises of the sanctioning health care
40 provider or on property that is owned by or under the direct control of the
41 sanctioning health care provider; or

42 (3) termination of contract or other non-monetary remedies provided
43 by contract if the sanctioned provider participates under the provisions of

1 the Kansas death with dignity act while acting in the course and scope of
2 the sanctioned provider's capacity as an employee or independent
3 contractor of the sanctioning health care provider. Nothing in this section
4 shall be construed to prevent:

5 (A) A health care provider from participating under the provisions of
6 the Kansas death with dignity act while acting outside the course and
7 scope of the provider's capacity as an employee or independent contractor;
8 or

9 (B) a patient from contracting with such patient's attending physician
10 and consulting physician to act outside the course and scope of the
11 provider's capacity as an employee or independent contractor of the
12 sanctioning health care provider.

13 (d) A health care provider that imposes sanctions pursuant to
14 subsection (b) must follow all due process and other procedures the
15 sanctioning health care provider may have that are related to the
16 imposition of sanctions on another health care provider.

17 (e) For purposes of this section:

18 (1) "Notify" means a separate statement in writing to the health care
19 provider specifically informing the health care provider prior to the
20 provider's participation under the Kansas death with dignity act of the
21 sanctioning health care provider's policy about participation in activities
22 covered by the Kansas death with dignity act.

23 (2) "Participate under the provisions of the Kansas death with dignity
24 act" means to perform the duties of an attending physician pursuant to
25 section 5, and amendments thereto, and the counseling or consulting
26 physician functions pursuant to section 6, and amendments thereto.
27 "Participate under the provisions of the Kansas death with dignity act"
28 does not include:

29 (A) Making an initial determination that a patient has a terminal
30 disease and informing the patient of the medical prognosis;

31 (B) providing information about the Kansas death with dignity act to
32 a patient upon the request of the patient;

33 (C) providing a patient, upon the request of the patient, with a referral
34 to another physician; or

35 (D) a patient contracting with such patient's attending physician and
36 consulting physician to act outside of the course and scope of the
37 provider's capacity as an employee or independent contractor of the
38 sanctioning health care provider.

39 (f) Any action taken by a health care provider pursuant to the Kansas
40 death with dignity act shall not be the sole basis for a report of
41 unprofessional conduct. No provision of the Kansas death with dignity act
42 shall be construed to allow a lower standard of care for any patient seeking
43 to end such patient's life pursuant to the Kansas death with dignity act.

1 Sec. 15. (a) Any person who, without authorization of the patient,
 2 knowingly alters or forges a request for medication or conceals or destroys
 3 a rescission of such request with the intent or effect of causing the patient's
 4 death shall be guilty of a severity level 3, person felony.

5 (b) A person who knowingly coerces or exerts undue influence on a
 6 patient to request medication for the purpose of ending the patient's life, or
 7 to destroy a rescission of such a request, shall be guilty of a severity level
 8 3, person felony.

9 (c) Nothing in the Kansas death with dignity act limits further liability
 10 for civil damages resulting from other negligent conduct or intentional
 11 misconduct by any person.

12 (d) The penalties in the Kansas death with dignity act do not preclude
 13 criminal penalties applicable under other law for conduct which is
 14 inconsistent with the provisions of the Kansas death with dignity act.

15 Sec. 16. Any governmental entity that incurs costs resulting from a
 16 person terminating such person's life pursuant to the provisions of the
 17 Kansas death with dignity act in a public place shall have a claim against
 18 the estate of such person to recover such costs and reasonable attorney fees
 19 related to enforcing the claim.

20 Sec. 17. Any section of the Kansas death with dignity act being held
 21 invalid as to any person or circumstance shall not affect the application of
 22 any other section of the Kansas death with dignity act which can be given
 23 full effect without the invalid section or application.

24 Sec. 18. A request for medication as authorized by the Kansas death
 25 with dignity act shall be in substantially the following form:
