## 12.24 ARTICLE 4

### 12.25 VEHICLE REGISTRATION TAX

12.26 Section 1. Minnesota Statutes 2014, section 168.013, subdivision 1a, is amended to read:

12.27 Subd. 1a. **Passenger automobile; hearse.** (a) On passenger automobiles as defined  
12.28 in section 168.002, subdivision 24, and hearses, except as otherwise provided, the tax shall  
12.29 be \$10 plus an additional tax equal to ~~1.25~~ 1.5 percent of the base value.

12.30 (b) Subject to the classification provisions herein, "base value" means the  
12.31 manufacturer's suggested retail price of the vehicle including destination charge using list  
12.32 price information published by the manufacturer or determined by the registrar if no  
12.33 suggested retail price exists, and shall not include the cost of each accessory or item of  
12.34 optional equipment separately added to the vehicle and the suggested retail price.

13.1 (c) If the manufacturer's list price information contains a single vehicle identification  
 13.2 number followed by various descriptions and suggested retail prices, the registrar shall  
 13.3 select from those listings only the lowest price for determining base value.

13.4 (d) If unable to determine the base value because the vehicle is specially constructed,  
 13.5 or for any other reason, the registrar may establish such value upon the cost price to the  
 13.6 purchaser or owner as evidenced by a certificate of cost but not including Minnesota sales  
 13.7 or use tax or any local sales or other local tax.

13.8 (e) The registrar shall classify every vehicle in its proper base value class as follows:

13.9	FROM	TO
13.10	\$ 0	\$ 199.99
13.11	\$ 200	\$ 399.99

13.12 and thereafter a series of classes successively set in brackets having a spread of \$200  
 13.13 consisting of such number of classes as will permit classification of all vehicles.

13.14 (f) The base value for purposes of this section shall be the middle point between  
 13.15 the extremes of its class.

13.16 (g) The registrar shall establish the base value, when new, of every passenger  
 13.17 automobile and hearse registered prior to the effective date of Extra Session Laws 1971,  
 13.18 chapter 31, using list price information published by the manufacturer or any nationally  
 13.19 recognized firm or association compiling such data for the automotive industry. If unable  
 13.20 to ascertain the base value of any registered vehicle in the foregoing manner, the registrar  
 13.21 may use any other available source or method. The registrar shall calculate tax using base  
 13.22 value information available to dealers and deputy registrars at the time the application for  
 13.23 registration is submitted. The tax on all previously registered vehicles shall be computed  
 13.24 upon the base value thus determined taking into account the depreciation provisions of  
 13.25 paragraph (h).

13.26 (h) The annual additional tax must be computed upon a percentage of the base value  
 13.27 as follows: during the first year of vehicle life, upon 100 percent of the base value; for the  
 13.28 second year, 90 percent of such value; for the third year, 80 percent of such value; for the  
 13.29 fourth year, 70 percent of such value; for the fifth year, 60 percent of such value; for the sixth  
 13.30 year, 50 percent of such value; for the seventh year, 40 percent of such value; for the eighth  
 13.31 year, 30 percent of such value; for the ninth year, 20 percent of such value; for the tenth  
 13.32 year, ten percent of such value; for the 11th and each succeeding year, the sum of ~~\$25~~ \$30.

13.33 (i) In no event shall the annual additional tax be less than ~~\$25~~ \$30.

13.34 (j) For any vehicle previously registered in Minnesota, the annual additional tax  
 13.35 due under this subdivision must not exceed the smallest amount of annual additional  
 13.36 tax previously paid or due on the vehicle.

14.1 **EFFECTIVE DATE.** This section is effective the day following final enactment  
 14.2 and applies to any annual additional tax for a registration period that begins on or after  
 14.3 September 1, 2015.

14.4 **ARTICLE 5**

 15.23 subdivision 2, an eligible county must declare by resolution of its county board to be part  
 15.24 of the metropolitan transportation area and must enter into a joint powers agreement. The  
 15.25 joint powers agreement:

15.26 (1) must form a joint powers board, as specified in subdivision 4;

15.27 (2) must provide a process that allows any eligible county, by resolution of its county  
 15.28 board, to join the joint powers board and impose the taxes authorized in subdivision 2;

15.29 (3) may provide for withdrawal of a participating county before final termination of  
 15.30 the agreement; and

15.31 (4) may provide for a weighted voting system for joint powers board decisions.

15.32 **Subd. 3a. Joint powers agreement.** Each county in the metropolitan area shall  
 15.33 enter into a joint powers agreement that conforms to the provisions of this section and

 18.2 award for a transit project located within the metropolitan area, as defined in section

 26.10 subdivision to read:

26.11 Subd. 3a. **Transfer of appropriations.** With the approval of the commissioner of  
 26.12 management and budget, the commissioner of transportation may transfer unencumbered  
 26.13 balances among appropriations from the trunk highway fund and the state airports fund.  
 26.14 No transfer may be made from appropriations for state road construction, for operations  
 26.15 and maintenance, or for debt service. Transfers under this paragraph may not be made  
 26.16 between funds. Transfers under this paragraph must be reported immediately to the  
 26.17 chairs and ranking minority members of the legislative committees with jurisdiction  
 26.18 over transportation finance.

26.19 **EFFECTIVE DATE.** This section is effective the day following final enactment.

26.20 Sec. 2. **[161.225] LOANS FOR LAND ACQUISITION FOR HIGHWAY**  
 26.21 **PROJECTS.**

26.22 Subdivision 1. **Account established.** The state right-of-way acquisition loan  
 26.23 account is created in the trunk highway fund for the purposes specified in this section.  
 26.24 Money in the account is annually appropriated to the commissioner and does not lapse.  
 26.25 Interest from the investment of money in this account must be deposited in the state  
 26.26 right-of-way acquisition loan account.

26.27 Subd. 2. **Loans.** (a) The commissioner may make loans to counties, towns, and  
 26.28 statutory and home rule charter cities to purchase property within the right-of-way of  
 26.29 a state trunk highway shown on an official map adopted pursuant to section 394.361  
 26.30 or 462.359, or to purchase property within the proposed right-of-way of a principal or  
 26.31 intermediate arterial highway. The loans shall be made from the fund established under this  
 26.32 subdivision for purchases approved by the commissioner. The loans shall bear no interest.

27.1 (b) The commissioner shall make loans only to:

27.2 (1) accelerate the acquisition of primarily undeveloped property when there  
27.3 is a reasonable probability that the property will increase in value before highway  
27.4 construction, and to update an expired environmental impact statement on a project for  
27.5 which the right-of-way is being purchased;

27.6 (2) avert the imminent conversion or the granting of approvals which would allow  
27.7 the conversion of property to uses which would jeopardize its availability for highway  
27.8 construction;

27.9 (3) advance planning and environmental activities on highest priority major  
27.10 metropolitan river crossing projects under the transportation development guide chapter  
27.11 policy plan; or

27.12 (4) take advantage of open market opportunities when developed properties become  
27.13 available for sale, provided all parties involved are agreeable to the sale and funds are  
27.14 available.

27.15 (c) The commissioner shall not make loans to purchase property at a price which  
27.16 exceeds the fair market value of the property or which includes the costs of relocating or  
27.17 moving persons or property. The eminent domain process may be used to settle differences  
27.18 of opinion as to fair market value, provided all parties agree to the process.

27.19 (d) A private property owner may elect to receive the purchase price either  
27.20 in a lump sum or in not more than four annual installments without interest on the  
27.21 deferred installments. If the purchase agreement provides for installment payments,  
27.22 the commissioner shall make the loan in installments corresponding to those in the  
27.23 purchase agreement. The recipient of an acquisition loan shall convey the property for the  
27.24 construction of the highway at the same price which the recipient paid for the property. The  
27.25 price may include the costs of preparing environmental documents that were required for  
27.26 the acquisition and that were paid for with money that the recipient received from the loan  
27.27 fund. Upon notification by the commissioner that the plan to construct the highway has been  
27.28 abandoned or the anticipated location of the highway has changed, the recipient shall sell  
27.29 the property at market value in accordance with the procedures required for the disposition  
27.30 of the property. All rents and other money received because of the recipient's ownership  
27.31 of the property and all proceeds from the conveyance or sale of the property shall be paid  
27.32 to the commissioner. If a recipient is not permitted to include in the conveyance price the  
27.33 cost of preparing environmental documents that were required for the acquisition, then the  
27.34 recipient is not required to repay the commissioner an amount equal to 40 percent of the  
27.35 money received from the loan fund and spent in preparing the environmental documents.

28.1 (e) For administration of the loan program, the commissioner may expend from the  
 28.2 fund each year an amount no greater than three percent of the amount of the proceeds for  
 28.3 that year.

28.4 Subd. 3. **Loans for acquisition and relocation.** (a) The commissioner may  
 28.5 make loans to acquiring authorities within the metropolitan area to purchase homestead  
 28.6 property located in a proposed state trunk highway right-of-way or project, and to provide  
 28.7 relocation assistance. Acquiring authorities are authorized to accept the loans and to  
 28.8 acquire the property. Except as provided in this subdivision, the loans shall be made as  
 28.9 provided in subdivision 2. Loans shall be in the amount of the fair market value of the  
 28.10 homestead property plus relocation costs and less salvage value. Before construction of  
 28.11 the highway begins, the acquiring authority shall convey the property to the commissioner  
 28.12 at the same price it paid, plus relocation costs and less its salvage value. Acquisition and  
 28.13 assistance under this subdivision must conform to sections 117.50 to 117.56.

28.14 (b) The commissioner may make loans only when:

28.15 (1) the owner of affected homestead property requests acquisition and relocation  
 28.16 assistance from an acquiring authority;

28.17 (2) federal or state financial participation is not available;

28.18 (3) the owner is unable to sell the homestead property at its appraised market value  
 28.19 because the property is located in a proposed state trunk highway right-of-way or project as  
 28.20 indicated on an official map or plat adopted under section 160.085, 394.361, or 462.359; and

28.21 (4) the commissioner agrees to and approves the fair market value of the homestead  
 28.22 property, which approval shall not be unreasonably withheld.

28.23 (c) For purposes of this subdivision, the following terms have the meanings given  
 28.24 them:

28.25 (1) "acquiring authority" means counties, towns, and statutory and home rule  
 28.26 charter cities;

28.27 (2) "homestead property" means: (i) a single-family dwelling occupied by the  
 28.28 owner, and the surrounding land, not exceeding a total of ten acres; or (ii) a manufactured  
 28.29 home, as defined in section 327B.01, subdivision 13; and

28.30 (3) "salvage value" means the probable sale price of the dwelling and other property  
 28.31 that is severable from the land if offered for sale on the condition that it be removed from  
 28.32 the land at the buyer's expense, allowing a reasonable time to find a buyer with knowledge  
 28.33 of the possible uses of the property, including separate use of serviceable components and  
 28.34 scrap when there is no other reasonable prospect of sale.

28.35 **EFFECTIVE DATE.** This section is effective January 1, 2016.

29.1 Sec. 3. Minnesota Statutes 2014, section 168.013, subdivision 8, is amended to read:

 29.4 tax imposed under this chapter, including the penalty surcharge for late payment, imposed  
 29.5 in section 168.31, subdivision 1a, must be collected by the commissioner, paid into the  
 29.6 state treasury, and credited to the highway user tax distribution fund.

29.7 (b) All fees collected under this chapter, unless otherwise specified, must be  
 29.8 deposited in the vehicle services operating account in the special revenue fund under  
 29.9 section 299A.705.

29.10 **EFFECTIVE DATE.** This section is effective July 1, 2015, and applies to vehicle  
 29.11 registration taxes due and unpaid on and after that date.

 29.13 to read:

29.14 Subd. 1a. **Penalty surcharge for late payment.** Except as otherwise provided in  
 29.15 subdivisions 4 and 4a, a vehicle owner who has failed to pay the tax required under this  
 29.16 chapter on or before the due date shall pay in full the tax due on the vehicle, together with  
 29.17 a penalty surcharge of \$25 for each month or portion of a month following the expiration  
 29.18 of the registration period, except that the amount of the late fee may not exceed \$100.

29.19 **EFFECTIVE DATE.** This section is effective July 1, 2015, and applies to vehicle  
 29.20 registration taxes due and unpaid on and after that date.

29.22 The commissioner shall establish a program to allow greater flexibility and  
 29.23 efficiency in the allocation of federal funds for state-aid transportation projects. The  
 29.24 commissioner shall:

29.25 (1) establish and administer selection criteria and a process under which a local unit  
 29.26 of government that would otherwise receive federal funds for a local transportation project  
 29.27 would be able to finance the project with state funds instead of federal funds;

29.28 (2) redirect the unused federal funds to transportation projects for which federal  
 29.29 funds could be utilized by the state more efficiently and productively;

29.30 (3) achieve a reasonable degree of equity among the department districts in  
 29.31 distributing funds under the program; and

29.32 (4) ensure that the state's receipt of federal funds for transportation projects is not  
 29.33 jeopardized by the program.

 30.15 alternative analyses, environmental studies, engineering, or construction of transitways; or  
 30.16 operating assistance for transitways.

30.17 (d) "Maintenance" means striping, seal coating, crack sealing, pavement repair,  
 30.18 sidewalk maintenance, signal maintenance, street light maintenance, and signage.

30.19 (e) "Municipal street" means a street, alley, or public way in which the municipality  
 30.20 is the road authority with powers conferred by section 429.021.

30.21 (f) "Municipality" means a home rule charter or statutory city.

30.22 (g) "Street improvement district" means a geographic area designated by a  
 30.23 municipality and located within the municipality within which street improvements and  
 30.24 maintenance may be undertaken and financed according to this section.

30.25 (h) "Unimproved parcel" means a parcel of land that abuts an unimproved municipal  
 30.26 street and that is not served by municipal sewer or water utilities; or in the case of a parcel  
 30.27 abutting an improved municipal street and served by municipal sewer or water utilities,  
 30.28 the parcel contains a structure that has not previously been occupied.

30.29 Subd. 2. **Authorization.** A municipality may establish by ordinance municipal  
 30.30 street improvement districts and may defray all or part of the total costs of municipal  
 30.31 street improvements and maintenance by apportioning street improvement fees to all of  
 30.32 the parcels located in the district. A street improvement district must not include any  
 30.33 property already located in another street improvement district.

30.34 Subd. 3. **Uniformity.** (a) The total costs of municipal street improvements and  
 30.35 maintenance must be apportioned to all developed parcels or developed tracts of land

31.1 located in the established street improvement district on a uniform basis within each  
 31.2 classification of real estate. Apportionment must be made on the basis of one of the  
 31.3 following:

- 31.4 (1) estimated market value;  
 31.5 (2) tax capacity;  
 31.6 (3) front footage;  
 31.7 (4) land or building area; or  
 31.8 (5) some combination of clauses (1) to (4).

31.9 (b) Costs must not be apportioned in such a way that the cost borne by any  
 31.10 classification of property is more than twice the cost that would be borne by that  
 31.11 classification if costs were apportioned uniformly to all classifications of property under  
 31.12 the method selected in paragraph (a), clauses (1) to (5).

31.13 Subd. 4. **Adoption of plan.** Before establishing a municipal street improvement  
 31.14 district or authorizing a street improvement fee, a municipality must propose and adopt a  
 31.15 street improvement plan that identifies the location of the municipal street improvement  
 31.16 district and identifies and estimates the costs of the proposed improvements during the  
 31.17 proposed period of collection of municipal street improvement fees, which must be for  
 31.18 a period of at least five years and at most 20 years. Notice of a public hearing on the  
 31.19 proposed plan must be given by mail to all affected landowners at least 30 days before  
 31.20 the hearing and posted for at least 30 days before the hearing. At the public hearing, the  
 31.21 governing body must present the plan and all affected landowners in attendance must have  
 31.22 the opportunity to comment before the governing body considers adoption of the plan.

31.23 Subd. 5. **Use of fees.** Revenues from street improvement fees must be placed in  
 31.24 a separate account and used only for projects located within the district and identified  
 31.25 in the municipal street improvement plan.

31.26 Subd. 6. **Collection; up to 20 years.** (a) An ordinance adopted under this section  
 31.27 must provide for billing and payment of the fee on a monthly, quarterly, or other basis  
 31.28 as directed by the governing body. The governing body may collect municipal street  
 31.29 improvement fees within a street improvement district for a maximum of 20 years.

31.30 (b) Fees that, as of October 15 of each year, have remained unpaid for at least 30  
 31.31 days may be certified to the county auditor for collection as a special assessment payable  
 31.32 in the following calendar year against the affected property.

31.33 Subd. 7. **Improvement fee.** A municipality may impose a municipal street  
 31.34 improvement fee by ordinance. The ordinance must not be voted on or adopted until after  
 31.35 public notice is provided and a public hearing is held in the same manner as provided in  
 31.36 subdivision 4.

32.1 Subd. 8. **Not exclusive means of financing improvements.** The use of the  
 32.2 municipal street improvement fee by a municipality does not restrict the municipality from  
 32.3 imposing other measures to pay the costs of local street improvements or maintenance,  
 32.4 except that a municipality must not impose special assessments for projects funded with  
 32.5 street improvement fees.

32.6 Subd. 9. **Undeveloped parcels; fees.** A municipality may not impose a street  
 32.7 improvement fee on any undeveloped parcel located within an established street  
 32.8 improvement district until at least three years after either the date of substantial completion  
 32.9 of the paving of the previous unimproved municipal street or the date which a previously  
 32.10 unoccupied structure is first occupied, whichever is later.

32.11 Subd. 10. **Exempt property.** A municipality must not impose a municipal street  
 32.12 improvement fee on property that is exempt from taxation under the provisions of the  
 32.13 Minnesota Constitution, article X, section 1.

32.14 **EFFECTIVE DATE.** This section is effective July 1, 2015, and expires on June  
 32.15 30, 2020, except as to municipal street improvement fees that were imposed before the  
 32.16 expiration date. Municipal street improvement fees imposed before the expiration date  
 32.17 continue until they expire by the terms of the original ordinance.

32.18 Sec. 7. Minnesota Statutes 2014, section 473.167, is amended to read:

32.19 **473.167 HIGHWAY AND TRANSIT PROJECTS.**

32.20 Subd. 2. **Loans for acquisition.** (a) The council may make loans to counties, towns,  
 32.21 and statutory and home rule charter cities within the metropolitan area for the purchase of  
 32.22 property within the right-of-way of a state trunk highway shown on an official map adopted  
 32.23 pursuant to section 394.361 or 462.359 ~~or~~ for the purchase of property within the proposed  
 32.24 right-of-way of a principal or intermediate arterial highway designated by the council as a  
 32.25 part of the metropolitan highway system plan and approved by the council pursuant to  
 32.26 section 473.166, or for the purchase of property needed for proposed transit-related capital  
 32.27 improvements, including transitways designated in the council's most recent transportation  
 32.28 policy plan. The loans shall be made by the council, from the fund established pursuant to  
 32.29 this subdivision, for purchases approved by the council. The loans shall bear no interest.

32.30 (b) The council shall make loans only:

32.31 (1) to accelerate the acquisition of primarily undeveloped property when there  
 32.32 is a reasonable probability that the property will increase in value before highway or  
 32.33 transit-related construction, and to update an expired environmental impact statement on  
 32.34 a project for which the right-of-way is being purchased;

33.1 (2) to avert the imminent conversion or the granting of approvals which would allow  
33.2 the conversion of property to uses which would jeopardize its availability for highway or  
33.3 transit-related construction;

33.4 (3) to advance planning and environmental activities on highest priority major  
33.5 metropolitan river crossing projects, under the transportation development guide  
33.6 chapter/policy plan; or

33.7 (4) to take advantage of open market opportunities when developed properties  
33.8 become available for sale, provided all parties involved are agreeable to the sale and  
33.9 funds are available.

33.10 (c) The council shall not make loans for the purchase of property at a price which  
33.11 exceeds the fair market value of the property or which includes the costs of relocating or  
33.12 moving persons or property. The eminent domain process may be used to settle differences  
33.13 of opinion as to fair market value, provided all parties agree to the process.

33.14 (d) A private property owner may elect to receive the purchase price either in a  
33.15 lump sum or in not more than four annual installments without interest on the deferred  
33.16 installments. If the purchase agreement provides for installment payments, the council  
33.17 shall make the loan in installments corresponding to those in the purchase agreement. The  
33.18 recipient of an acquisition loan shall convey the property for the construction of the highway  
33.19 at the same price which the recipient paid for the property. The price may include the costs  
33.20 of preparing environmental documents that were required for the acquisition and that were  
33.21 paid for with money that the recipient received from the loan fund. Upon notification by  
33.22 the council that the plan to construct the highway or transit project has been abandoned or  
33.23 the anticipated location of the highway or transit project changed, the recipient shall sell  
33.24 the property at market value in accordance with the procedures required for the disposition  
33.25 of the property. All rents and other money received because of the recipient's ownership  
33.26 of the property and all proceeds from the conveyance or sale of the property shall be paid  
33.27 to the council. If a recipient is not permitted to include in the conveyance price the cost  
33.28 of preparing environmental documents that were required for the acquisition, then the  
33.29 recipient is not required to repay the council an amount equal to 40 percent of the money  
33.30 received from the loan fund and spent in preparing the environmental documents.

33.31 (e) The proceeds of the tax authorized by subdivision 3, all money paid to the  
33.32 council by recipients of loans, and all interest on the proceeds and payments shall be  
33.33 maintained as a separate fund. For administration of the loan program, the council may  
33.34 expend from the fund each year an amount no greater than three percent of the amount of  
33.35 the proceeds for that year.

34.1 Subd. 2a. **Loans for acquisition and relocation.** (a) The council may make loans  
34.2 to acquiring authorities within the metropolitan area to purchase homestead property  
34.3 located in a proposed state trunk highway right-of-way or project or transit-related project,  
34.4 and to provide relocation assistance. Acquiring authorities are authorized to accept the  
34.5 loans and to acquire the property. Except as provided in this subdivision, the loans shall  
34.6 be made as provided in subdivision 2. Loans shall be in the amount of the fair market  
34.7 value of the homestead property plus relocation costs and less salvage value. Before  
34.8 construction of the highway or transit-related project begins, the acquiring authority shall  
34.9 convey the property to the commissioner of transportation or council at the same price it  
34.10 paid, plus relocation costs and less its salvage value. Acquisition and assistance under this  
34.11 subdivision must conform to sections 117.50 to 117.56.

34.12 (b) The council may make loans only when:

34.13 (1) the owner of affected homestead property requests acquisition and relocation  
34.14 assistance from an acquiring authority;

34.15 (2) federal or state financial participation is not available;

34.16 (3) the owner is unable to sell the homestead property at its appraised market  
34.17 value because the property is located in a proposed state trunk highway right-of-way or  
34.18 project as indicated on an official map or plat adopted under section 160.085, 394.361,  
34.19 or 462.359, or transit-related project; and

34.20 (4) the council agrees to and approves the fair market value of the homestead  
34.21 property, which approval shall not be unreasonably withheld.

34.22 (c) For purposes of this subdivision, the following terms have the meanings given  
34.23 them.

34.24 (1) "Acquiring authority" means counties, towns, and statutory and home rule  
34.25 charter cities in the metropolitan area.

34.26 (2) "Homestead property" means: (i) a single-family dwelling occupied by the  
34.27 owner, and the surrounding land, not exceeding a total of ten acres; or (ii) a manufactured  
34.28 home, as defined in section 327B.01, subdivision 13.

34.29 (3) "Salvage value" means the probable sale price of the dwelling and other property  
34.30 that is severable from the land if offered for sale on the condition that it be removed from  
34.31 the land at the buyer's expense, allowing a reasonable time to find a buyer with knowledge  
34.32 of the possible uses of the property, including separate use of serviceable components and  
34.33 scrap when there is no other reasonable prospect of sale.

34.34 Subd. 3. **Tax.** The council may levy a tax on all taxable property in the metropolitan  
34.35 area, as defined in section 473.121, to provide funds for loans made pursuant to  
34.36 subdivisions 2 and 2a. This tax for the right-of-way acquisition loan fund shall be certified

35.1 by the council, levied, and collected in the manner provided by section 473.13. The tax  
 35.2 shall be in addition to that authorized by section 473.249 and any other law and shall not  
 35.3 affect the amount or rate of taxes which may be levied by the council or any metropolitan  
 35.4 agency or local governmental unit. The amount of the levy shall be as determined and  
 35.5 certified by the council, provided that the tax levied by the Metropolitan Council for the  
 35.6 right-of-way acquisition loan fund shall not exceed ~~\$2,828,379 for taxes payable in 2004~~  
 35.7 ~~and \$2,828,379 for taxes payable in 2005.~~ The amount of the levy for taxes payable in  
 35.8 2006 and subsequent years shall not exceed the product of (1) the Metropolitan Council's  
 35.9 property tax levy limitation under this subdivision for the previous year, multiplied by  
 35.10 (2) one plus a percentage equal to the growth in the implicit price deflator as defined  
 35.11 in section 275.70, subdivision 2.

35.12 Subd. 4. **State review.** The commissioner of revenue shall certify the council's levy  
 35.13 limitation under this section to the council by August 1 of the levy year. The council must  
 35.14 certify its proposed property tax levy to the commissioner of revenue by September 1 of  
 35.15 the levy year. The commissioner of revenue shall annually determine whether the property  
 35.16 tax for the right-of-way acquisition loan fund certified by the Metropolitan Council for  
 35.17 levy following the adoption of its proposed budget is within the levy limitation imposed  
 35.18 by this section. The determination must be completed prior to September 10 of each year.  
 35.19 If current information regarding market valuation in any county is not transmitted to the  
 35.20 commissioner in a timely manner, the commissioner may estimate the current market  
 35.21 valuation within that county for purposes of making the calculation.

35.22 **EFFECTIVE DATE.** This section is effective the day following final enactment.

35.23 Sec. 8. Laws 2014, chapter 312, article 11, section 33, is amended to read:

35.24 Sec. 33. **TRANSPORTATION EFFICIENCIES.**

35.25 (a) The commissioner of transportation shall include in the report under Minnesota  
 35.26 Statutes, section 174.56, due by December 15, 2015, information on efficiencies  
 35.27 implemented in fiscal year 2015 in planning and project management and delivery,  
 35.28 along with an explanation of the efficiencies employed to achieve the savings and the  
 35.29 methodology used in the calculations. The level of savings achieved must equal, in  
 35.30 comparison with the total state road construction budget for that year, a minimum of five  
 35.31 percent in fiscal year 2015. The report must identify the projects that have been advanced  
 35.32 or completed due to the implementation of efficiency measures.

35.33 (b) The commissioner shall identify in the report those recommendations from the  
 35.34 Transportation Strategic Management and Operations Advisory Task Force Report dated  
 35.35 January 23, 2009, submitted to the legislature by the Departments of Administration

36.1 and Transportation, as required by Laws 2008, chapter 152, article 6, section 9,  
 36.2 that the commissioner has implemented, with a description of current status of the  
 36.3 recommendation and results of implementation.

36.4 (c) The commissioner shall present in the report plans to incorporate greater  
 36.5 efficiencies in department operation and decision-making, including, but not limited to,  
 36.6 the following: financing innovations, mode choice in project selection and design, land  
 36.7 use planning, return on investment calculation, project delivery, including selection of  
 36.8 materials and decreasing project delivery time, and efficiencies in multiagency permitting.

36.9 **Sec. 9. APPROPRIATION.**

36.10 \$..... is appropriated from the trunk highway fund to the commissioner of  
 36.11 transportation for deposit in the state right-of-way acquisition loan account under  
 36.12 Minnesota Statutes, section 161.225.

36.13 **EFFECTIVE DATE.** This section is effective January 1, 2015.

## 36.14 **ARTICLE 8**

### 36.15 **TRANSPORTATION POLICY**

36.16 Section 1. Minnesota Statutes 2014, section 174.42, is amended by adding a  
 36.17 subdivision to read:

36.18 **Subd. 3. Funding requirement for greater Minnesota.** (a) In each federal fiscal  
 36.19 year, the commissioner shall spend out of National Highway Performance Program funds  
 36.20 a total amount in federal transportation funds for an active transportation competitive  
 36.21 grant program in greater Minnesota that totals a minimum of \$16,000,000 in excess of  
 36.22 the average annual spending on greater Minnesota transportation alternatives projects in  
 36.23 federal fiscal years between October 2009 and September 2012. This requirement must  
 36.24 not reduce the amount of federal transportation funding for metropolitan projects.

36.25 (b) The commissioner of transportation shall create and implement the active  
 36.26 transportation competitive grant program. The program must receive funds under this  
 36.27 subdivision and may receive funds from any other source. The commissioner shall  
 36.28 establish criteria for grant awards, in collaboration with experts in bicycle, pedestrian,  
 36.29 trail, and safe routes to school infrastructure. The criteria must clarify statewide priorities,  
 36.30 ensure that grant awards further these statewide priorities, and require grant recipients  
 36.31 to be accountable for their use of program resources. Cities, counties, and townships in  
 36.32 greater Minnesota are eligible to apply for grants for projects related to safe routes to  
 36.33 school infrastructure and noninfrastructure activities, bicycle and pedestrian elements

37.1 of a main street program, and planning activities and construction and maintenance of  
 37.2 bicycle, trail, and pedestrian infrastructure.

37.3 **EFFECTIVE DATE.** This section is effective October 1, 2015.

37.4 Sec. 2. Minnesota Statutes 2014, section 222.50, subdivision 7, is amended to read:

37.5 Subd. 7. **Expenditures.** (a) The commissioner may expend money from the rail  
 37.6 service improvement account for the following purposes:

37.7 (1) to make transfers as provided under section 222.57 or to pay interest adjustments  
 37.8 on loans guaranteed under the state rail user and rail carrier loan guarantee program;

37.9 (2) to pay a portion of the costs of capital improvement projects designed to improve  
 37.10 rail service of a rail user or a rail carrier;

37.11 (3) to pay a portion of the costs of rehabilitation projects designed to improve rail  
 37.12 service of a rail user or a rail carrier;

37.13 (4) to acquire, maintain, manage, and dispose of railroad right-of-way pursuant to  
 37.14 the state rail bank program;

37.15 (5) to provide for aerial photography survey of proposed and abandoned railroad  
 37.16 tracks for the purpose of recording and reestablishing by analytical triangulation the  
 37.17 existing alignment of the in-place track;

37.18 (6) to pay a portion of the costs of acquiring a rail line by a regional railroad  
 37.19 authority established pursuant to chapter 398A;

37.20 (7) to pay the state matching portion of federal grants for rail-highway grade  
 37.21 crossing improvement projects;

37.22 (8) for expenditures made before July 1, 2017, to pay the state matching portion  
 37.23 of grants under the federal Transportation Investment Generating Economic Recovery  
 37.24 (TIGER) program of the United States Department of Transportation; ~~and~~

37.25 (9) to fund rail planning studies; and

37.26 (10) to pay a portion of the costs of capital improvement projects designed to  
 37.27 improve capacity or safety at rail yards.

37.28 (b) All money derived by the commissioner from the disposition of railroad  
 37.29 right-of-way or of any other property acquired pursuant to sections 222.46 to 222.62 shall  
 37.30 be deposited in the rail service improvement account.

37.31 Sec. 3. Minnesota Statutes 2014, section 473.915, is amended to read:

37.32 **473.915 PROCUREMENTS.**

38.1 Subdivision 1. Review by Legislative Advisory Commission. All proposed  
38.2 Metropolitan Council procurements over \$125,000,000 must be reviewed by the  
38.3 members of the Legislative Advisory Commission under section 3.30 and the ranking  
38.4 minority members of the house of representatives and senate committees or divisions  
38.5 responsible for overseeing the items subject to the proposed procurement. The chair  
38.6 of the Metropolitan Council shall give notice to the Legislative Advisory Commission  
38.7 secretary when a procurement over \$125,000,000 is being considered. The commission  
38.8 shall take testimony on the procurements.

38.9 Subd. 2. Review by Transportation Accessibility Advisory Committee.  
38.10 The council shall consult with the Transportation Accessibility Advisory Committee  
38.11 concerning all proposed Metropolitan Council procurements of transit vehicles and shall  
38.12 consider the committee's input before ordering vehicles.

38.13 EFFECTIVE DATE. This section is effective the day following final enactment  
38.14 and applies in the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and  
38.15 Washington.

38.16 **Sec. 4. COST SHARE POLICY.**

38.17 The commissioner of transportation, in consultation with representatives of local  
38.18 units of government, shall create and adopt a policy concerning cost participation  
38.19 for cooperative construction projects and maintenance responsibilities between the  
38.20 Department of Transportation and local units of government. The policy must minimize  
38.21 the share of cooperative project costs to be funded by the local units of government,  
38.22 while complying in all respects with the state constitutional requirements concerning  
38.23 allowable uses of the trunk highway fund. The policy must be completed and adopted by  
38.24 the commissioner no later than September 1, 2015.

38.25 EFFECTIVE DATE. This section is effective the day following final enactment.

38.26 **Sec. 5. PUBLIC-PRIVATE PARTNERSHIP PILOT PROGRAM.**

38.27 Subdivision 1. Public-private partnership initiatives. (a) The commissioner  
38.28 of transportation and Metropolitan Council are authorized to consider and utilize  
38.29 public-private partnership procurement methods for up to three pilot projects as provided  
38.30 in this section. Utilization of public-private partnerships is a recognition of the importance  
38.31 to the state of an efficient and safe transportation system, and the necessity of developing  
38.32 alternative funding sources to supplement traditional sources of transportation revenues.  
38.33 A public-private partnership initiative must take advantage of private sector efficiencies in

39.1 design and construction, along with expertise in finance and development, and provide a  
 39.2 better long-term value for the state than could be obtained through traditional procurement  
 39.3 methods.

39.4 (b) Notwithstanding Minnesota Statutes, section 160.845, 160.98, or any other law  
 39.5 to the contrary, the commissioner or council may consider for use in the pilot program any  
 39.6 existing public-private partnership mechanism or any proposed mechanism that proves the  
 39.7 best available option for the state. Mechanisms the commissioner or council may consider  
 39.8 include, but are not limited to, toll facilities, BOT facilities, BTO facilities, user fees,  
 39.9 construction payments, joint development agreements, negotiated exactions, air rights  
 39.10 development, street improvement districts, or tax increment financing districts for transit.  
 39.11 For the purposes this section, toll facilities, BOT facilities, and BTO facilities have the  
 39.12 meanings given under Minnesota Statutes, section 160.84.

39.13 (c) As part of the pilot program, the commissioner and council are directed to form  
 39.14 an independent advisory and oversight office, the Joint Program Office for Economic  
 39.15 Development and Alternative Finance. The office shall consist of the commissioner of  
 39.16 management and budget, the commissioner of employment and economic development,  
 39.17 the commissioner of administration, the commissioner of transportation, the Metropolitan  
 39.18 Council, and one representative each from the American Council of Engineering  
 39.19 Companies - Minnesota chapter, the Central Minnesota Transportation Alliance, the  
 39.20 Counties Transit Improvement Board, and the Minnesota County Engineers Association.  
 39.21 In addition, the commissioner and Metropolitan Council shall invite the Federal Highway  
 39.22 Administration and the Federal Transit Administration to participate in the office's  
 39.23 activities. The office's duties shall include, but are not limited to, reviewing and approving  
 39.24 projects proposed under this section, reviewing any contractual or financial agreements  
 39.25 to ensure program requirements are met, and ensuring that any proposed or executed  
 39.26 agreement serves the public interest.

39.27 Subd. 2. **Pilot program restrictions and project selection.** (a) The commissioner  
 39.28 or council may receive or solicit and evaluate proposals to build, operate, and finance  
 39.29 projects that are not inconsistent with the commissioner's most recent statewide  
 39.30 transportation plan or the council's most recent transportation policy plan. If the  
 39.31 department or council receives an unsolicited proposal, the department or council shall  
 39.32 publish a notice in the State Register at least once a week for two weeks stating that the  
 39.33 department or council has received the proposal and will accept, for 120 days after the  
 39.34 initial date of publication, other proposals for the same project purpose. The private  
 39.35 proposer must be selected on a competitive basis.

40.1 (b) When entering into a public-private partnership, the commissioner or  
 40.2 Metropolitan Council may not enter into any noncompete agreement that inhibits the  
 40.3 state's ability to address ongoing or future infrastructure needs.

40.4 (c) If the commissioner or council enters into a public-private partnership agreement  
 40.5 that includes a temporary transfer of ownership or control of a road, bridge, or other  
 40.6 infrastructure investment to the private entity, the agreement must include a provision  
 40.7 requiring the return of the road, bridge, or other infrastructure investment to the state  
 40.8 after a specified period of time.

40.9 (d) The commissioner and council may only consider new projects for a  
 40.10 public-private partnership. The commissioner and council are prohibited from considering  
 40.11 projects involving existing infrastructure for a public-private partnership, unless the  
 40.12 proposed project adds capacity to the existing infrastructure.

40.13 Subd. 3. **Evaluation and selection of private entity and project.** (a) The

 40.35 ensure the requirements of this section are being met. The independent advisory and  
 40.36 oversight office shall first determine whether the project, as proposed, serves the public

41.1 interest. In making this determination, the office must identify and consider advantages  
41.2 and disadvantages for various stakeholders, including taxpayers, workers, transportation  
41.3 and transit providers and operators, transportation and transit users, commercial vehicle  
41.4 operators, and the general public, including the impact on the state's economy. If the  
41.5 proposed project serves the public interest, the office must evaluate the proposals  
41.6 according to the criteria specified in this section.

 42.29 commissioner and council shall submit to the chairs and ranking minority members of the  
 42.30 house of representatives and senate committees having jurisdiction over transportation  
 42.31 policy and finance a list of all agreements executed under the pilot program authority. The  
 42.32 list must identify each agreement, the contracting entities, contract amount and duration,  
 42.33 any repayment requirements, and provide an update on the project's progress. The list  
 42.34 may be submitted electronically and is subject to Minnesota Statutes, section 3.195,  
 42.35 subdivision 1.

43.1 **EFFECTIVE DATE.** This section is effective the day after an appropriation is  
43.2 effective to pay administrative expenses creating and operating the Joint Program Office  
43.3 for Economic Development and Alternative Finance, hiring a consultant, and preparing  
43.4 required reports.

43.5 Sec. 6. **TRANSPORTATION PROJECT SELECTION PROCESS.**

43.6 Subdivision 1. **Adoption of process and public input.** The commissioner of  
43.7 transportation shall, after consultation with metropolitan planning organizations, regional  
43.8 development commissions, area transportation partnerships, local governments, and the  
43.9 Metropolitan Council, draft a proposed transportation project data-driven evaluation  
43.10 process to provide an objective and consistent analysis to assist in prioritization of  
43.11 highway construction, reconstruction, and improvement projects. No later than January  
43.12 10, 2016, the proposed process must be reported to the chairs and ranking minority  
43.13 members of the house of representatives and senate committees on transportation policy  
43.14 and finance and publicized, along with a schedule for public hearings and additional  
43.15 opportunities for public input electronically and at locations throughout the state. No  
43.16 later than March 1, 2016, after public comment has been heard and incorporated into the  
43.17 proposed evaluation process, the commissioner shall adopt a final process for use in  
43.18 highway project investment decisions on and after July 1, 2016.

43.19 Subd. 2. **Factors in analysis.** The process must be based on objective, consistent,  
43.20 and quantifiable analysis. Factors in the analysis must include return on investment,  
43.21 benefit-cost, local rankings, safety, congestion mitigation, economic development,  
43.22 accessibility, environmental quality, regional and metropolitan-rural balance, and land  
43.23 use. The process may assign different weights to factors in evaluating projects on the  
43.24 trunk highway system, the county state-aid highway system, and the municipal state-aid  
43.25 street system.

43.26 Subd. 3. **Exemptions.** A proposed project is exempt from the process if it is funded  
43.27 by a grant from: (1) the corridors of commerce program under Minnesota Statutes, section  
43.28 161.088; (2) the transportation economic development program under Minnesota Statutes,  
43.29 section 174.12; or (3) the joint powers board under Minnesota Statutes, section 297A.992,  
43.30 subdivision 6, paragraph (b), clause (3); or if subjecting it to the evaluation process would  
43.31 result in a loss of federal funds.

43.32 Subd. 4. **Information on department Web site.** For each proposed project evaluated  
43.33 under this process, the applicable scoring process, the score for each factor, and the overall  
43.34 score are public information and must be publicized on the department's Web site.

43.35 **EFFECTIVE DATE.** This section is effective the day following final enactment.

44.1       Sec. 7. **REPORT ON DEDICATED FUND EXPENDITURES.**

44.2             By January 15, 2016, the commissioner of management and budget shall submit  
44.3 a report to the chairs and ranking minority members of the legislative committees with  
44.4 jurisdiction over transportation finance. The report must list detailed expenditures and  
44.5 transfers from the trunk highway fund and highway user tax distribution fund for fiscal  
44.6 years 2010 through 2015, and shall include information on the purpose of each expenditure.

**161.081 HIGHWAY USER TAX, DISTRIBUTION, INVESTMENT.**

Subd. 3. **Flexible highway account; turnback accounts.** (a) The flexible highway account is created in the state treasury. Money in the account shall be used:

(1) in fiscal years 2009 and 2010, 100 percent of the excess sum, as calculated in paragraph (i), and in fiscal years 2011 and thereafter, 50 percent of the excess sum, as calculated in paragraph (i), for counties in the metropolitan area, as defined in section 473.121, subdivision 4, but for the purposes of the calculation cities of the first class will be excluded in the metropolitan area; and

(2) of the amount available in the flexible highway account less the amount under clause (1), as determined by the commissioner under this section for:

(i) restoration of former trunk highways that have reverted to counties or to statutory or home rule charter cities, or for trunk highways that will be restored and subsequently turned back by agreement between the commissioner and the local road authority;

(ii) safety improvements on county highways, municipal highways, streets, or town roads; and

(iii) routes of regional significance.

(b) For purposes of this subdivision, "restoration" means the level of effort required to improve the route that will be turned back to an acceptable condition as determined by agreement made between the commissioner and the county or city before the route is turned back.

(c) The commissioner shall review the need for funds to restore highways that have been or will be turned back. The commissioner shall determine, on a biennial basis, the percentage of funds in the flexible highway account to be distributed to each district, and within each district the percentage to be used for each of the purposes specified in paragraph (a). Money in the account may be used for safety improvements and routes of regional significance only after money is set aside to restore the identified turnbacks. The commissioner shall make these determinations only after meeting and holding discussions with committees selected by the statewide associations of both county commissioners and municipal officials. The commissioner shall, to the extent feasible, annually allocate 50 percent of the funds in the flexible highway account to the department's metropolitan district, and 50 percent to districts in greater Minnesota.

(d) Money that will be used for the restoration of trunk highways that have reverted or that will revert to cities must be deposited in the municipal turnback account, which is created in the state treasury.

(e) Money that will be used for the restoration of trunk highways that have reverted or that will revert to counties must be deposited in the county turnback account, which is created in the state treasury.

(f) Money that will be used for safety improvements must be deposited in the highway safety improvement account, which is created in the state treasury to be used as grants to statutory or home rule charter cities, towns, and counties to assist in paying the costs of constructing or reconstructing city streets, county highways, or town roads to reduce crashes, deaths, injuries, and property damage.

(g) Money that will be used for routes of regional significance must be deposited in the routes of regional significance account, which is created in the state treasury, and used as grants to statutory or home rule charter cities, towns, and counties to assist in paying the costs of constructing or reconstructing city streets, county highways, or town roads with statewide or regional significance that have not been fully funded through other state, federal, or local funding sources.

(h) As part of each biennial budget submission to the legislature, the commissioner shall describe how the money in the flexible highway account will be apportioned among the county turnback account, the municipal turnback account, the trunk highway fund for routes turned back to local governments by agreement, the highway safety improvement account, and the routes of regional significance account.

(i) The excess sum is calculated as the sum of revenue within the flexible highway account:

(1) attributed to that portion of the gasoline excise tax rate under section 296A.07, subdivision 3, in excess of 20 cents per gallon, and to that portion of the excise tax rates in excess of the energy equivalent of a gasoline excise tax rate of 20 cents per gallon for E85 and M85 under section 296A.07, subdivision 3, and special fuel under section 296A.08, subdivision 2;

(2) attributed to a change in the passenger vehicle registration tax under section 168.013, imposed on or after July 1, 2008, that exceeds (i) the amount collected in fiscal year 2008, multiplied by (ii) the annual average United States Consumer Price Index for the calendar year previous to the current calendar year, divided by the annual average United States Consumer Price Index for calendar year 2007; and

APPENDIX

Repealed Minnesota Statutes: 15-1181

(3) attributed to that portion of the motor vehicle sales tax revenue in excess of the percentage allocated to the flexible highway account in fiscal year 2007.

(j) For purposes of this subdivision, the United States Consumer Price Index identified in paragraph (i), clause (2), is for all urban consumers, United States city average, as determined by the United States Department of Labor.

**297A.992 METROPOLITAN TRANSPORTATION AREA SALES TAX.**

Subd. 3. **Joint powers agreement.** Before imposing the taxes authorized in subdivision 2, an eligible county must declare by resolution of its county board to be part of the metropolitan transportation area and must enter into a joint powers agreement. The joint powers agreement:

- (1) must form a joint powers board, as specified in subdivision 4;
- (2) must provide a process that allows any eligible county, by resolution of its county board, to join the joint powers board and impose the taxes authorized in subdivision 2;
- (3) may provide for withdrawal of a participating county before final termination of the agreement; and
- (4) may provide for a weighted voting system for joint powers board decisions.
