To amend chapter 191, RSMo, by adding thereto one new section relating to patient examinations.

Be it enacted by the General Assembly of the State of Missouri, as follows:

Section A. Chapter 191, RSMo, is amended by adding thereto one new section, to be known as section 191.240, to read as follows:

191.240. 1. For purposes of this section, the following terms mean:

(1) "Health care provider", the same meaning given to the term in section 191.900;

(2) "Patient examination", a prostate, anal, or pelvic examination.

2. A health care provider, or any student or trainee under the supervision of a health care provider, shall not knowingly perform a patient examination upon an anesthetized or unconscious patient in a health care facility unless:

(1) The patient or a person authorized to make health care decisions for the patient has given specific informed consent to the patient examination;

(2) The patient examination is necessary for diagnostic or treatment purposes; or

(3) The collection of evidence through a forensic examination, as defined under subsection 8 of section 595.220, for a suspected sexual assault on the anesthetized or unconscious patient is necessary because the evidence will be lost or the patient is unable to give informed consent due to a medical condition.

3. A health care provider shall notify a patient of any patient examination performed under subsection 2 of this section.

4. A health care provider who violates the provisions of this section, or who supervises a student or trainee who violates the provisions of this section, shall be subject to discipline by any licensing board that licenses the health care provider.
