2 37-450, and 37-455, Revised Statutes Cumulative
3 Supplement, 2012; to change provisions relating to
4 eligibility for certain permits; to provide powers for
5 the Game and Parks Commission; and to repeal the original
6 sections.

7 Be it enacted by the people of the State of Nebraska,

1 Section 1. Section 37-447, Revised Statutes Cumulative
2 Supplement, 2012, is amended to read:

3 37-447 (1) The commission may issue permits for the
4 hunting of deer and prescribe and adopt and promulgate rules and
5 regulations and limitations for the hunting, transportation, and
6 possession of deer. The commission may offer multiple-year permits or
7 combinations of permits at reduced rates. The commission may specify
8 by regulation the information to be required on applications for such
9 permits. Regulations and limitations for the hunting, transportation,
10 and possession of deer may include, but not be limited to,
11 regulations and limitations as to the type, caliber, and other
12 specifications of firearms and ammunition used and specifications for
13 bows and arrows used. Such regulations and limitations may further
14 specify and limit the method of hunting deer and may provide for
15 dividing the state into management units or areas, and the commission
16 may enact different deer hunting regulations for the different
17 management units pertaining to sex, species, and age of the deer
18 hunted.

19 (2) The number of such permits may be limited as provided
20 by the rules and regulations of the commission, and except as
21 provided in section 37-454, the permits shall be disposed of in an
22 impartial manner. Whenever the commission deems it advisable to limit
23 the number of permits issued for any or all management units, the
24 commission shall, by rules and regulations, determine who shall be
25 eligible to obtain such permits. In establishing eligibility, the

1 commission may give preference to persons who did not receive a
2 permit or a specified type of permit during the previous year or
3 years.

4 (3) Such permits may be issued to allow deer hunting in
5 the Nebraska National Forest and other game reserves and such other
6 areas as the commission may designate whenever the commission deems
7 that permitting such hunting will not be detrimental to the proper
8 preservation of wildlife in Nebraska in such forest, reserves, or
9 areas.

10 (4)(a) The commission shall, pursuant to section 37-327,
11 establish and charge a fee of not more than twenty-nine dollars for
12 residents and not more than two hundred fourteen dollars for

17 more than two and one-half times the amount of a regular deer permit.
18 The commission may provide different fees for different species.

19 (5)(a) The commission may issue nonresident permits after
20 preference has been given for the issuance of resident permits as
21 provided in rules and regulations adopted and promulgated by the
22 commission.

23 (b) In management units specified by the commission, the
24 commission may issue nonresident permits after resident preference
25 has been provided by allocating at least eighty-five percent of the

1 available permits to residents. The commission may require a
2 predetermined application period for permit applications in specified
3 management units. Such permits shall be issued after a reasonable
4 period for making application, as established by the commission, has
5 expired. When more valid applications are received for a designated
6 management unit than there are permits available, such permits shall
7 be allocated on the basis of a random drawing. All valid applications
8 received during the predetermined application period shall be
9 considered equally in any such random drawing without regard to time
10 of receipt of such applications by the commission.

11 (6) The commission shall, pursuant to section 37-327,
12 establish and charge a fee of not more than twenty-five dollars for
13 residents and not more than forty-five dollars for nonresidents for a
