33 Government Services a report describing the municipality's compliance with the "Best
34 Practices Inventory" established by the Director of the Division of Local Government
35 Services and shall receive at least a minimum score on such inventory as determined by the
36 Director of the Division of Local Government Services; provided, however, that the Director
37 may take into account the particular circumstances of a municipality in computing such score.
38 In preparing the Best Practices Inventory, the Director shall identify best municipal practices
39 in the areas of general administration, fiscal management, and operational activities, as well
40 as the particular circumstances of a municipality, in determining the minimum score
41 acceptable for the release of the final 5% or \$500, whichever is greater, of the total annual
42 amount due for the current fiscal year, but in no event shall amounts be withheld with respect
43 to municipal practices occurring prior to the issuance of the Best Practices Inventory unless
44 related to a municipal practice identified in the Best Practices Inventory established in the
45 previous fiscal year.

46 The Director of the Division of Local Government Services may permit any municipality that
47 received Regional Efficiency Aid Program funds pursuant to the annual appropriations act
48 for fiscal year 2010, P.L.2009, c.68, to use a portion of Consolidated Municipal Property Tax

 2 municipalities in lieu of taxes for lands acquired by the State and non-profit organizations for
 3 recreation and conservation purposes shall be provided only to municipalities operating under

 5 operating under a calendar fiscal year are authorized to continue to anticipate the State's
 6 fiscal year 2013 payments in their calendar year 2013 budgets and shall be permitted to
 7 anticipate an identical amount in their calendar year 2014 budgets.

8 In addition to the amounts hereinabove appropriated for the Department of Community Affairs,
 9 an amount not to exceed \$1,100,000 is appropriated to the Open Space Payments in Lieu of
 10 Taxes account to provide aid to municipalities in such amounts as the Director of the
 11 Division of Local Government Services determines to be necessary to ensure that each
 12 municipality receives funding in support of its calendar year 2013 budget not to exceed the
 13 amount received in support of its calendar year 2012 budget, subject to the approval of the
 14 Director of the Division of Budget and Accounting.

15 Notwithstanding the provisions of subsection d. of section 29 of P.L.1999, c.152 (C.13:8C-29)
 16 or subsection d. of section 30 of P.L.1999, c.152 (C.13:8C-30), or any law or regulation to
 17 the contrary, all payments to municipalities in lieu of taxes for lands acquired by the State
 18 and non-profit organizations for recreation and conservation purposes shall be retained by
 19 the municipality and not apportioned in the same manner as the general tax rate of the
 20 municipality.

21 Notwithstanding the provisions of any law or regulation to the contrary, whenever funds
 22 appropriated as State Aid and payable to any municipality, which municipality requests and
 23 receives the approval of the Local Finance Board, such funds may be pledged as a guarantee
 24 for payment of principal and interest on any bond anticipation notes issued pursuant to
 25 section 11 of P.L.2003, c.15 (C.40A:2-8.1) and any tax anticipation notes issued pursuant to
 26 N.J.S.40A:4-64 by such municipality. Such funds, if so pledged, shall be made available by
 27 the State Treasurer upon receipt of a written notification by the Director of the Division of
 28 Local Government Services that the municipality does not have sufficient funds available for
 29 prompt payment of principal and interest on such notes, and shall be paid by the State
 30 Treasurer directly to the holders of such notes at such time and in such amounts as specified
 31 by the Director, notwithstanding that payment of such funds does not coincide with any date
 32 for payment otherwise fixed by law.

33 The State Treasurer, in consultation with the Commissioner of Community Affairs, is empowered
 34 to direct the Director of the Division of Budget and Accounting to transfer appropriations
 35 from any State department to any other State department as may be necessary to provide a
 36 loan for a term not to exceed 30 days to a municipality faced with a fiscal crisis, including
 37 but not limited to a potential default on tax anticipation notes. Extension of the term of the
 38 loan shall be conditioned on the municipality being an "eligible municipality" pursuant to
 39 P.L.1987, c.75 (C.52:27D-118.24 et seq.).

8 defined by Form E4, Line 1, Column E; (f) each eligible hospital's charity care subsidy
9 allocation for SFY 2013 as announced by DOH in July 2012, for this calculation purpose only,
10 shall be initially split into two pools, one that equals 80% of its SFY 2013 allocation and
11 another that equals 20% of its SFY 2013 allocation; (g) for each eligible hospital the
12 difference between its CY 2011 documented charity care and its CY 2010 documented charity

26 hospital; (m) notwithstanding the provisions above, an eligible hospital shall not receive a
27 lower SFY 2014 charity care subsidy allocation than its SFY 2013 charity care subsidy
28 allocation if it had increased documented charity care as calculated in subsection g. above, and
29 an eligible hospital shall not receive a greater SFY 2014 charity care subsidy allocation than
30 its SFY 2013 charity care subsidy allocation if it had decreased documented charity care as
31 calculated in subsection g. above; (n) if necessary, a proportionate increase or decrease shall
32 be applied to the 20% pool value as calculated in subsection k. for each eligible hospital based
33 on its percentage of total CY 2011 documented charity care such that the total calculated SFY
34 2014 charity care subsidy allocation for all hospitals shall equal \$675,000,000, except that the
35 proration applied to the subsidy for any eligible hospital shall be modified as necessary to
36 comply with subsection m. above; and (o) the resulting number will constitute each eligible
37 hospital's SFY 2014 charity care subsidy allocation.

38 Notwithstanding the provisions of any law or regulation to the contrary, any funds remaining as
39 the result of a closure of a hospital eligible to receive Disproportionate Share Hospital (DSH)
40 funds shall be redistributed at the discretion of the Commissioner of Health. Factors the
41 commissioner will consider shall include, but not be limited to, maintenance of continued
42 timely access to essential health services for persons eligible to participate in charity care, and
43 continued operation in the same or adjoining municipality as the closed hospital of an acute
44 care hospital, eligible to receive DSH funds, and serving substantially the same eligible
45 population. Notice of such redistribution shall be provided to the Joint Budget Oversight
46 Committee within five business days of each redistribution.

47 The amounts hereinabove appropriated for Health Care Subsidy Fund Payments are conditioned
48 upon the following provision: the Department of Health shall review, examine and/or audit
49 any and all financial information maintained by an acute care hospital to ensure appropriate
50 use of public funds.

51 The amounts hereinabove appropriated for charity care or other funding to a health care facility

1 is conditioned upon the following requirement: such health care facility shall participate in
2 planning meetings supervised by the Department of Health for the planning of the provision
3 of hospital, medical or health programs and services, and shall, to the extent permitted by State
4 and federal law, share patient-level data as needed to facilitate such purposes.

5 Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove
6 appropriated from the Health Care Subsidy Fund for charity care payments are subject to the
7 following condition: In a manner determined by the Commissioner of Health and subject to
8 the approval of the Director of the Division of Budget and Accounting, eligible hospitals shall
9 receive (1) their charity care subsidy payments beginning in July 2013, (2) their September
10 2013 payments in October 2013, and (3) their January 2014 payments in December 2013.

11 Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove
12 appropriated for Graduate Medical Education (GME) are conditioned upon the following:
13 except as otherwise provided and subject to such modifications as may be required by the
14 Centers for Medicare and Medicaid Services in order to achieve any required federal approval,
15 a hospital's GME distribution shall be calculated based on data from the hospital's 2011
16 Medicaid cost report and shall be comprised of two components calculated as described
17 below. The first component shall be defined as an amount equal to 75% of each facility's
18 aggregate State Fiscal Year (SFY) 2013 GME distribution. The sum of these first components
19 for all hospitals shall be totaled and subtracted from the full appropriated GME subsidy
20 amount of \$100,000,000 for SFY 2014, with the resulting amount representing the aggregate
21 amount available for distribution as the second component. The aggregate amount of the
22 second component shall be split into a Direct Medical Education (DME) allocation, which is
23 calculated by multiplying the second component amount by the ratio of 2011 total Medicaid
24 managed care DME costs-to-2011 total Medicaid managed care GME costs; and an Indirect
25 Medical Education (IME) allocation, which is calculated by multiplying the second component
26 amount by the ratio of 2011 total Medicaid managed care IME costs-to-2011 Medicaid
27 managed care GME costs. Each hospital's percentage of total 2011 Medicaid managed care
28 DME costs shall be multiplied by the DME allocation to calculate its DME payment. Each
29 hospital's percentage of total 2011 Medicaid managed care IME costs shall be multiplied by
30 the IME allocation to calculate its IME payment. The sum of a hospital's DME and IME
31 payments equal its second component payment. The sum of the first and second components
32 shall comprise the hospital's total SFY 2014 GME allocation, to be distributed in twelve
33 monthly payments. The total amount of these payments shall not exceed \$100,000,000. In the
34 event that a hospital reported less than twelve months of 2011 Medicaid costs, the number of
35 reported months of data regarding days, costs, or payments shall be annualized. In the event
36 that a hospital did not report its Medicaid managed care days on the cost report utilized in this
37 calculation, the Department of Health (DOH) shall ascertain Medicaid Managed Care
38 encounter days for Medicaid and NJ FamilyCare clients as reported by insurers to the State
39 for the following reporting period: services dates between January 1, 2011 and December 31,
40 2011; payment dates between January 1, 2011 and December 31, 2012; and a run-date of
41 January 17, 2013. Medicaid managed care DME cost is defined as the approved intern and
42 residency program costs multiplied by the quotient of Medicaid managed care days divided
43 by the quantity of total days less nursery days. Medicaid managed care IME cost is defined
44 as the Medicare IME factor multiplied by Medicaid Managed Care encounter payments for
45 Medicaid and NJ FamilyCare clients as reported by insurers to the State for the following
46 reporting period: services dates between January 1, 2011 and December 31, 2011; payment
47 dates between January 1, 2011 and December 31, 2012; and a run-date of January 17, 2013.
48 The IME factor is calculated using the Medicare IME formula as follows: $1.35 * [(1 + x)^{0.405}$
49 $- 1]$, in which "x" is the quotient of submitted IME resident full-time equivalencies divided
50 by the quantity of total available beds less nursery beds. In the event that a hospital believes
51 that there are mathematical errors in the calculations, or data not matching the actual source

documents used to calculate the subsidy as defined above, hospitals shall be permitted to file calculation appeals within 15 working days of receipt of the subsidy allocation letter. If upon review it is determined by the DOH that the error has occurred and would constitute at least a five percent change in the hospital's allocation amount, a revised industry-wide allocation shall be issued.

There are appropriated such additional sums as are required to pay all amounts due from the State pursuant to any contract entered into between the State Treasurer and the New Jersey Health Care Facilities Financing Authority pursuant to section 6 of P.L.2000, c.98 (C.26:2I-7.1) in connection with the Hospital Asset Transformation Program.

In addition to the amount hereinabove appropriated for Health Care Systems Analysis, an amount not to exceed \$1,000,000 is appropriated from amounts assessed and collected by the Department of Banking and Insurance pursuant to section 9 of P.L.2007, c.330 (C.17:1D-2), for the purpose of funding costs associated with the development and maintenance of the New Jersey Health Information Network, subject to a plan prepared by the Department of Health and approved by the Director of the Division of Budget and Accounting.

Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove appropriated for the Hospital Delivery System Reform Incentive Payments Program are conditioned upon the following: a hospital's payment shall be calculated and distributed as set forth in the final approved version of New Jersey's Delivery System Reform Incentive Payments (DSRIP) funding and mechanics protocol filed on December 28, 2012 with the U.S. Department of Health and Human Services, Centers for Medicare and Medicaid Services, in connection with the New Jersey Comprehensive Medicaid 1115 Waiver, consistent with the Special Terms and Conditions of the approved Waiver, including but not limited to Section XIII, paragraphs 91 through 97 thereof. Until such time as such federal approval is obtained, monthly DSRIP payments to hospitals shall be calculated and distributed in the same manner as the Hospital Relief Subsidy Fund payments distributed in fiscal year 2013.

The amount hereinabove appropriated for the Hospital Delivery System Reform Incentive Payments (DSRIP) program is subject to the following condition: the Department of Human Services shall periodically file with the Presiding Officers of the Legislature a report that includes the status of each applicant hospital's plans for delivery system reform, including but not limited to whether or not a hospital has filed a DSRIP plan and whether approval of that plan has been granted or denied by the State and the federal Centers for Medicare and Medicaid Services (CMS). The department also shall provide copies of any reports or other determinations regarding DSRIP eligibility or plan performance, including but not limited to whether or not a hospital has satisfied any eligibility benchmarks required for receipt of DSRIP funding, which are made by the State or received from CMS.

39	08	Support of Patients in County Psychiatric Hospitals (PTRF)	(\$130,165,000)
----	----	---	-----------------

41 The unexpended balance at the end of the preceding fiscal year in the Support of Patients in
42 County Psychiatric Hospitals account is appropriated for the same purpose.

43 Notwithstanding the provisions of R.S.30:4-78, or any law or regulation to the contrary, the State
44 share of payments from the Support of Patients in County Psychiatric Hospitals account to the
45 several county psychiatric facilities on behalf of the reasonable cost of maintenance of patients
46 deemed to be county indigents shall be at the rate of 125% of the rate established by the
47 Commissioner of Human Services for the period July 1 to December 31 and at the rate of 45%
of the rate established by the Commissioner of Human Services for the period January 1 to
June 30 such that the total amount to be paid by the State on behalf of county indigent patients

1 for the calendar year shall not exceed 85% of the total reasonable per capita cost; and further
3 provided that the rate at which the State will reimburse the county psychiatric hospitals shall
5 not exceed 100% of the per capita rate at which each county pays to the State for the
7 reasonable cost of maintenance and clothing of each patient residing in a State psychiatric
9 facility, excluding the depreciation, interest and carry-forward adjustment components of this
11 rate, and including the depreciation, interest, and carry-forward adjustment components of
13 each individual county psychiatric hospital's rate established for the period January 1 to
15 December 31 by the Commissioner of Human Services. The initial determination of whether
17 a county hospital rate exceeds the per capita rate that counties pay to the State on behalf of
applicable patients residing in a State psychiatric facility will be based on a comparison of
estimated cost used to set reimbursement rates for the upcoming calendar year. A second
comparison of the actual per diem costs of the county psychiatric hospital and State
psychiatric hospitals will be completed after actual cost reports for the period are available
including an inflationary adjustment for the six-month difference in fiscal reporting periods
between State and county hospitals. The county hospital carry-forward adjustment to be
included in rates paid by the State will exclude costs found to exceed 100% of the actual cost
rate of the State psychiatric facilities.

19 Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove
21 appropriated for Support of Patients in County Psychiatric Hospitals is conditioned upon the
23 following provision: payments to county psychiatric hospitals will only be made after receipt
of their claims by the Division of Mental Health and Addiction Services. County psychiatric
hospitals shall submit such claims no less frequently than quarterly and within 15 days of the
close of each quarter.

25 With the exception of all past, present, and future revenues representing federal financial
27 participation received by the State from the United States that is based on payments to
29 hospitals that serve a disproportionate share of low-income patients, which shall be retained
by the State, the sharing of revenues received to defray the State Aid appropriation for the
costs of maintaining patients in State and county psychiatric hospitals shall be based on the
same percent as costs are shared between the State and counties.

31 The amount hereinabove appropriated for State Aid reimbursement payments for maintenance of
33 patients in county psychiatric facilities shall be limited to inpatient services only, except that
35 such reimbursement shall be paid to a county for outpatient and partial hospitalization services
37 as defined by the Department of Human Services, if outpatient and/or partial hospitalization
39 services had been previously provided at the county psychiatric facility prior to January 1,
1998. These outpatient and partial hospitalization payments shall not exceed the amount of
State Aid funds paid to reimburse outpatient and partial hospitalization services provided
during calendar year 1997. In addition, any revision or expansion to the number of inpatient
beds or inpatient services provided at such hospitals which will have a material impact on the
amount of State Aid payments made for such services, must first be approved by the
Department of Human Services before such change is implemented.

41 The amount hereinabove appropriated for the Division of Mental Health and Addiction Services
43 for State facility operations and the amount appropriated as State Aid for the costs of county
45 facility operations are first charged to the federal Disproportionate Share Hospital (DSH)
47 reimbursements anticipated as Medicaid uncompensated care. Accordingly, DSH revenues
earned by the State related to services provided by county psychiatric hospitals which are
supported through this State Aid appropriation shall be considered as the first source
supporting the State Aid appropriation.

49 In addition to the amounts hereinabove appropriated for the Support of Patients in County
51 Psychiatric Hospitals, in the event that the Assistant Commissioner of the Division of Mental
Health and Addiction Services determines that, in order to provide the least restrictive setting
appropriate, a patient should be admitted to a county psychiatric hospital in a county other

1 than the one in which the patient is domiciled rather than to a State psychiatric hospital, there
2 are hereby appropriated such additional sums as may be required, as determined by the
3 Assistant Commissioner to reimburse a county for the extra costs, if any, which were incurred
4 in connection with the care of such patient in a county psychiatric hospital which exceeded
5 the cost of care which would have been incurred had the patient been placed in a State
6 psychiatric hospital, subject to the approval of the Director of the Division of Budget and
7 Accounting.

8 The amount hereinabove appropriated for Support of Patients in County Psychiatric Hospitals is
9 conditioned upon the following provisions: County psychiatric hospitals shall: (1) enroll and
10 continue to maintain enrollment as providers in the State's Medicaid program; (2) complete
11 or pursue in good faith the completion of eligibility applications for patients who could be
12 Medicaid eligible; (3) bill the Medicaid program for all applicable services; and (4) neither
13 admit nor discharge patients based upon Medicaid eligibility.

14 Notwithstanding the provisions of any law or regulation to the contrary, the amount hereinabove
15 appropriated for Support of Patients in County Psychiatric Hospitals is conditioned upon the
16 county psychiatric hospitals providing and certifying all information that is required by the
17 State, in the form specified by the Division of Mental Health and Addiction Services, to
18 prepare a complete, accurate, and timely claim to federal authorities for Medicaid
19 Disproportionate Share (DSH) claim revenues.

20 Notwithstanding the provisions of R.S.30:4-78, or any other law or regulation to the contrary, the
21 amount hereinabove appropriated for Support of Patients in County Psychiatric Hospitals is
22 conditioned upon the following provisions: for rates effective January 1, 2013, and any prior
23 year rate adjustments that may be required beginning January 1, 2013, the approval of the
24 State House Commission shall not be required for the setting of such rates and the
25 Commissioner of Human Services shall set the per capita cost rates to be paid by the State to
26 the several counties on behalf of the reasonable cost of maintenance of State and county
27 patients in any county psychiatric facility, including outpatient psychiatric services, the per
28 capita rates which each county shall pay to the Treasurer for the reasonable cost of
29 maintenance and clothing of each patient residing in a State psychiatric facility having a legal
30 settlement in such county ("County Patients"), the rates to be paid for the reasonable cost of
31 maintenance and clothing of the convict and criminal mentally ill in any State psychiatric
32 facility and the cost of maintenance of County Patients residing in State developmental centers
33 or receiving other residential functional services for the developmentally disabled. Such rates
34 will be fixed no later than October 1 of each calendar year. Notice of such rates shall be
35 provided by the Commissioner of Human Services to the clerk of the respective boards of
36 chosen freeholders.

37 In the event that the Division of Mental Health and Addiction Services is notified that a county
38 psychiatric hospital will cease operations for the current fiscal year, or any portion thereof, in
39 order to assure continuity of care for patients who otherwise would have been served by the
40 county hospital, as well as to preserve patient and public safety, the Division shall have the
41 authority to transfer funds from the Support of Patients in County Psychiatric Hospitals
42 account to Direct State Services and Grants-In-Aid accounts in the Division of Mental Health
43 and Addiction Services, for the fiscal year, subject to a plan approved by the Director of the
44 Division of Budget and Accounting.

45 An amount not to exceed \$7,900,000 may be transferred from the Community Care Grants-In-Aid
46 account within the Division of Mental Health and Addiction Services to the General
47 Assistance Medical Services account within the Division of Medical Assistance and Health
48 Services to reimburse the State share expended for Community Support Services, subject to
49 the approval of the Director of the Division of Budget and Accounting.

In addition to the amounts hereinabove appropriated for payments to providers on behalf of medical assistance recipients, such additional amounts as may be required are appropriated from the General Fund to cover costs consequent to the establishment of presumptive eligibility for children and pregnant women in the Medicaid (Title XIX) program and the NJ FamilyCare Program as defined in P.L.2005, c.156 (C.30:4J-8 et al.).

Notwithstanding the provisions of P.L.1962, c.222 (C.44:7-76 et seq.) or any law or regulation to the contrary, no funds are appropriated to the Medical Assistance for the Aged program, which has been eliminated.

Notwithstanding the provisions of any law or regulation to the contrary, all object accounts appropriated in the General Medical Services program classification shall be conditioned upon the following provision: when any action by a county welfare agency, whether alone or in combination with the Division of Medical Assistance and Health Services, results in a recovery of improperly granted medical assistance, the Division of Medical Assistance and

recovery.

3 All funds recovered pursuant to P.L.1968, c.413 (C.30:4D-1 et seq.) and P.L.1975, c.194

9 innovations to enhance client choice for users of Medicaid optional services, while containing
expenditures.

coordination with the county welfare agencies, shall continue a program to outstation
17 eligibility workers in disproportionate share hospitals and federally qualified health centers.

19 Notwithstanding the provisions of any law or regulation to the contrary, the amounts hereinabove
appropriated in the Managed Care Initiative account are subject to the following condition:
Non-contracted hospitals providing emergency services to Medicaid or NJ FamilyCare
21 members enrolled in the managed care program shall accept as payment in full 95% of the
amounts that the non-contracted hospital would receive from Medicaid for the emergency
23 services and/or any related hospitalization if the beneficiary were enrolled in Medicaid
fee-for-service.

25 Notwithstanding the provisions of any law or regulation to the contrary, a sufficient portion of
receipts generated or savings realized in Medical Assistance Grants-In-Aid accounts from
27 initiatives may be transferred to the Health Services Administration and Management accounts

the beginning of the current fiscal year and subject to federal approval, of the amounts
hereinabove appropriated to Payments for Medical Assistance Recipients - Inpatient Hospital,
33 inpatient medical services provided through the Division of Medical Assistance and Health
Services shall be conditioned upon the following provision: No funds shall be expended for
35 hospital services during which a preventable hospital error occurred or for hospital services
provided for the necessary inpatient treatment arising from a preventable hospital error, as
37 shall be defined by the Commissioner of Human Services.

39 Of the amount hereinabove appropriated to Payments for Medical Assistance Recipients -
Inpatient Hospital, the Division of Medical Assistance and Health Services is authorized to

1 In order to permit flexibility in the handling of appropriations and ensure the timely payment of
claims to providers of medical services, amounts may be transferred between the various items
3 of appropriation within the Medical Services for the Aged and Programs for the Aged program
classifications to ensure the continuity of long-term care support services for beneficiaries
5 receiving services within the Medical Services for the Aged program classification in the

(C.30:4D-20 et seq.) during the preceding fiscal year are appropriated for payments to
11 providers in the same program class from which the recovery originated.

Notwithstanding the provisions of any law or regulation to the contrary, a sufficient portion of
13 receipts generated or savings realized in the Medical Services for the Aged or Pharmaceutical

Subject to federal approval, the appropriations for those programs within the Medical Services for

payment for that care. The Division of Medical Assistance and Health Services and the
23 Division of Aging Services shall require, in the case of a married individual requiring

Such amounts as may be necessary are hereinabove appropriated from enhanced audit recoveries
27 obtained by the Department of Human Services to fund the costs of enhanced audit recovery
efforts of the Department within the Medical Services for the Aged program classification,
29 subject to the approval of the Director of the Division of Budget and Accounting.

The amounts hereinabove appropriated for Payments for Medical Assistance Recipients - Nursing
31 Homes are available for the payment of obligations applicable to prior fiscal years.

Such amounts as may be necessary are hereinabove appropriated from the General Fund for the

37 Notwithstanding the provisions of chapter 85 of Title 8 of the New Jersey Administrative Code
or any law or other regulation to the contrary, the amounts hereinabove appropriated for
39 Payments for Medical Assistance Recipients - Nursing Homes and Global Budget for Long
Term Care shall be conditioned upon the following: (1) the per diem rate for each nursing

Notwithstanding the provisions of any State law or regulation to the contrary, no State agency shall accept or expend federal funds except as appropriated by the Legislature or otherwise provided in this act.

In addition to the federal funds appropriated in this act, there are appropriated the following federal funds, subject to the approval of the Director of the Division of Budget and Accounting: emergency disaster aid funds including grants for preventive measures; pass-through grants to political subdivisions of the State over which the State is not permitted to exercise discretion in the use or distribution of the funds and for which no State matching funds are required; the first 25% of unanticipated grant awards, and up to 25% of increases in previously anticipated grant awards for which no State matching funds are required except, for the purpose of this section, federal funds received by one executive agency that are ultimately expended by another executive agency shall not be considered pass-through grants; federal financial aid funds for students attending post-secondary educational institutions in excess of the amount specifically appropriated, and any such grants intended to prevent threats to homeland security up to 100% of previously anticipated or unanticipated grant award amounts for which no State matching funds are required, provided, however, that the Director of the Division of Budget and Accounting shall notify the Legislative Budget and Finance Officer of such grants; and all other

1 grants of \$500,000 or less.

3 For the purposes of federal funds appropriations, "political subdivisions of the State" means
5 counties, municipalities, school districts, or agencies thereof, regional, county or municipal
7 authorities, or districts other than interstate authorities or districts; "discretion" refers to any
9 action in which an agency may determine either the amount of funds to be allocated or the
11 recipient of the allocation; and "grants" refers to one-time, or time limited awards, which are
13 received pursuant to submission of a grant application in competition with other grant
15 applications.

17 The unexpended balances at the end of the preceding fiscal year of federal funds are appropriated
19 for the same purposes. The Director of the Division of Budget and Accounting shall inform the
21 Legislative Budget and Finance Officer by November 1, 2013 of any unexpended balances
23 which are continued.

25 Out of the appropriations herein, the Director of the Division of Budget and Accounting is
27 empowered to approve payments to liquidate any unrecorded liabilities for materials delivered
29 or services rendered in prior fiscal years, upon the written recommendations of any department
31 head or the department head's designated representative. The Director of the Division of
33 Budget and Accounting shall reject any recommendations for payment which the Director
35 deems improper.

37 In order to permit flexibility in the handling of appropriations and ensure the timely payment of
39 claims to providers of medical services, amounts may be transferred to and from the various
41 items of appropriation within the General Medical Services program classification, and within
43 the federal matching funding, in the Division of Medical Assistance and Health Services and
45 Division of Disability Services in the Department of Human Services, and within the Medical
47 Services for the Aged program classification, and within the federal matching funding, in the
49 Division of Aging Services in the Department of Human Services, subject to the approval of
51 the Director of the Division of Budget and Accounting. Notice thereof shall be provided to the
Legislative Budget and Finance Officer on the effective date of the approved transfer.

Notwithstanding the provisions of any law, regulation or Executive Order to the contrary, any
purchase by the State or by a State agency or local government unit of equipment, goods or
services related to homeland security and domestic preparedness, that is paid for or reimbursed
by federal funds awarded by the U.S. Department of Homeland Security or other federal
agency, appropriated in the current fiscal year, may be made through the receipt of public bids
or as an alternative to public bidding and subject to the provisions of this paragraph, through
direct purchase without advertising for bids or rejecting bids already received but not awarded.
The equipment, goods or services purchased by a local government unit shall be referred to in
the grant agreement issued by the State administrative agency administering such funds and
shall be authorized by resolution of the governing body of the local government unit entering
into the grant agreement. Such resolution may, without subsequent action of the local
governing body, simultaneously accept the grant from the State administrative agency, authorize
the insertion of the revenue and offsetting appropriation in the budget of the local government
unit, and authorize the contracting agent of the local government unit to procure the equipment,
goods or services. A copy of such resolution shall be filed with the chief financial officer of
the local government unit, the State administrative agency and the Division of Local
Government Services in the Department of Community Affairs. Purchases made without public
bidding shall be from vendors that shall either (1) be holders of a current State contract for the
equipment, goods or services sought, or (2) be participating in a federal procurement program
established by a federal department or agency, or (3) have been approved by the State Treasurer
in consultation with the New Jersey Domestic Security Preparedness Task Force. All homeland
security purchases herein shall continue to be subject to all grant requirements and conditions
approved by the State administrative agency. The Director of the Division of Purchase and
Property may enter into or participate in purchasing agreements with one or more other states,

1 or political subdivisions or compact agencies thereof, for the purchase of such equipment,
2 goods or services, using monies appropriated under this act, to meet the domestic preparedness
3 and homeland security needs of this State. Such purchasing agreement may provide for the
4 sharing of costs and the methods of payments relating to such purchases. Furthermore, a county
5 government awarding a contract for Homeland Security equipment, goods or services, may,
6 with the approval of the vendor, extend the terms and conditions of the contract to any other
7 county government that wants to purchase under that contract, subject to notice and
8 documentation requirements issued by the Director of the Division of Local Government
9 Services.

10 Of the amounts appropriated for Income Maintenance Management, amounts may be transferred
11 to the various departments in accordance with the Division of Family Development's
12 agreements, subject to the approval of the Director of the Division of Budget and Accounting.
13 Any unobligated balances remaining from funds transferred to the departments shall be
14 transferred back to the Division of Family Development subject to the approval of the Director
15 of the Division of Budget and Accounting.

16 Notwithstanding the provisions of any law or regulation to the contrary, in addition to the federal
17 funds hereinabove appropriated, there are appropriated to the appropriate executive agencies,
18 subject to the approval of the Director of the Division of Budget and Accounting, such
19 additional federal funds received during this fiscal year pursuant to any federal law authorizing
20 a federal economic stimulus program or any other similar federal program for the purposes,
21 projects, and programs set forth in such law; provided, however, that if the federal law does not
22 delineate the specific purposes, projects, and programs to be funded by the federal funds, the
23 purposes, projects, and programs to be funded by the federal funds shall be subject to the
24 approval of the Joint Budget Oversight Committee, and further provided, however, that the
25 State Treasurer shall report to the President of the Senate, the Speaker of the General Assembly,
26 the Chair of the Senate Budget and Appropriations Committee, and the Chair of the Assembly
27 Budget Committee at least quarterly on the receipt and utilization of all additional federal funds
28 received during this fiscal year pursuant to any federal law authorizing a federal economic
29 stimulus program.

30 Officials from the appropriate executive agencies are hereby authorized to take such steps, if any,
31 as may be necessary to qualify for, apply for, receive and expend such federal funds and to
32 make such commitments, representations and other agreements as may be required by the
33 federal government to receive federal funds under federal law authorizing the federal economic
34 stimulus program or any other similar federal law. Furthermore, and notwithstanding any law
35 or regulation to the contrary, officials from the appropriate executive agencies may encumber
36 any of these federal funds appropriated pursuant to this provision prior to entering into any
37 contract, grant or other agreement obligating the federal funds, subject to the approval of the
38 Director of the Division of Budget and Accounting.

39 Notwithstanding the provisions of any law or regulation to the contrary, federal funds provided

48 State, there is hereby appropriated from the Clean Energy Fund, subject to the approval of the
49 Director of the Division of Budget and Accounting such sums as shall be necessary to pay for
50 the administrative costs of the agencies administering the specified programs listed below.

19 agencies, authorities and public colleges and universities for energy
20 efficient equipment purposes which will reduce energy demand and
21 greenhouse gas emissions by replacing aging, energy intense equipment
22 with new, more efficient models.

23 In the event that any of the SEP monies appropriated pursuant to the preceding
24 paragraph are not expended by the date required by the USDOE, the
25 appropriations of such funds pursuant to the preceding paragraph are
26 hereby cancelled, and such unexpended funds are hereby appropriated,

46 to cities, counties and other local units of government which are not eligible to

form or contents of related grant agreements funded with federal funds, the department shall
25 make any changes to such requests or contracts as may be determined by the FHWA to be

21 a. To permit flexibility in the handling of appropriations, any department or agency that
22 receives an appropriation by law, may, subject to the provisions of this section, or unless
23 otherwise provided in this act, apply to the Director of the Division of Budget and
24 Accounting for permission to transfer funds from one item of appropriation to a different
25 item of appropriation. For the purposes of this section, "item of appropriation" means the
26 spending authority identified by an organization code, appropriation source, and program

28 shall be credited by the director to the designated item of appropriation and notice thereof

40 \$50,000, to or from any Special Purpose or Grant account in which the identifying
41 organization code, appropriation source, and program code, remain the same,

43 appropriations;

44 (4) Requests for the transfer of State funds, in amounts greater than \$50,000, between
45 items of appropriation in different departments or between items of appropriation
46 in different appropriation classifications herein entitled as Direct State Services,

1 item, as defined by the program class;

3 (6) Requests for such other transfers as are appropriate in order to ensure compliance
5 with the legislative intent of this act.

7 b. The Joint Budget Oversight Committee or its successor may review all transfer requests

27 disapprove requests for the transfer of funds, the request shall be deemed to be approved
29 by the Legislative Budget and Finance Officer if, within 20 working days of the physical
31 receipt of the request, he has not disapproved the request and so notified the requesting
33 officer. However, this time period shall not pertain to any transfer request under review
35 by the Joint Budget Oversight Committee or its successor, provided notice of such review
37 has been given to the director.

d. No amount appropriated for any capital improvement shall be used for any temporary
purpose except extraordinary snow removal or extraordinary transportation maintenance,
subject to the approval of the Director of the Division of Budget and Accounting.
However, an amount from any appropriation for an item of capital improvement may be
transferred to any other item of capital improvement subject to the approval of the
director, and, if in an amount greater than \$300,000, subject to the approval of the
Legislative Budget and Finance Officer.

e. The provisions of subsections a. through d. of this section shall not apply to appropriations
made to the Legislative or Judicial branches of State government. To permit flexibility
in the handling of these appropriations, amounts may be transferred to and from the
various items of appropriation by the appropriate officer or designee with notification
given to the director on the effective date thereof.

f. Notwithstanding any provisions of this section to the contrary, transfers to and from the
Special Purpose appropriation to the Governor for emergency or necessity under the Other

appropriate detail the facts thereof, and reasons therefore, attested by the signature of the Director
of the Division of Budget and Accounting and filed in the Division of Budget and Accounting of
the Department of the Treasury as an official record thereof, and any action thereunder, including
disbursement and the audit thereof, shall be legally binding and of full force and virtue. An
official copy of each such written ruling shall be transmitted to the Legislative Budget and Finance
Officer, upon the effective date of the ruling.

19. The Legislative Budget and Finance Officer with the cooperation and assistance of the
Director of the Division of Budget and Accounting is authorized to adjust this appropriations bill

of Information Technology, and compliance with statewide policies and standards and an approved
5 department Information Technology Strategic Plan.

7 21. If the amount provided in this act for a State Aid payment pursuant to formula is
insufficient to meet the full requirements of the formula, all recipients of State Aid shall have their
9 allocation proportionately reduced, subject to the approval of the Director of the Division of
Budget and Accounting.

11 22. When the duties or responsibilities of any department or branch, except for the Legislature

15 to such department or branch as shall be charged with the responsibility of administering the
functions so transferred. The Director of the Division of Budget and Accounting shall have the
17 authority to create such new accounts as may be necessary to carry out the intent of the transfer.
Information copies of such transfers shall be transmitted to the Legislative Budget and Finance
19 Officer upon the effective date thereof. If such transfers may be required among appropriations
made to the Legislature and its agencies, the Legislative Budget and Finance Officer, subject to
21 the approval of the President of the Senate and the Speaker of the General Assembly, is hereby
empowered and it shall be that officer's duty to effect such transactions hereinabove described and
23 to notify the Director of the Division of Budget and Accounting upon the effective date thereof.

25 23. The Director of the Division of Budget and Accounting is empowered and it shall be the
27 director's duty in the disbursement of funds for payment of expenses classified as salary increases
and other benefits, employee benefits, debt service, rent, telephone, data processing, motor pool,
29 insurance, travel, postage, lease payments on equipment purchases, additions, improvements and

31 an Interdepartmental account, or to the General Fund, as applicable, from any other department,
branch or non-State fund source out of funds appropriated or credited thereto, such amounts as
33 may be required to cover the costs of such payment attributable to such other department, branch
or non-State fund source, or to reimburse the Department of the Treasury, an Interdepartmental
35 account, or the General Fund for reductions made representing statewide savings in the above
expense classifications, as the director shall determine. With respect to payment of expenses
37 classified as utilities and maintenance contracts, the Director is empowered and it shall be the
Director's duty in the disbursement of funds to credit or transfer to the Department of the Treasury,
39 to an Interdepartmental account, or to the General Fund, as applicable, from any other department
or non-State fund source, but not from the Legislature or the Judiciary, out of funds appropriated
41 or credited thereto, such amounts as may be required to cover the costs of such payment
attributable to such other department or non-State fund source, or to reimburse the Department of
43 the Treasury, an Interdepartmental account, or the General Fund for reductions made representing
statewide savings in these expense classifications, as the director shall determine. Receipts in any
45 non-State funds are appropriated for the purpose of such transfer.

47 24. The Governor is empowered to direct the State Treasurer to transfer from any State
department to any other State department such amounts as may be necessary for the cost of any
49 emergency occasioned by aggression, civil disturbance, sabotage, or disaster. In addition, there

4 appropriation.

5
6 25. Upon request of any department receiving non-State funds, the Director of the Division of
7 Budget and Accounting is empowered to transfer such funds from that department to other
8 departments as may be charged with the responsibility for the expenditure thereof.

9
10 26. The Director of the Division of Budget and Accounting is empowered to transfer or credit
11 appropriations to any State agency for services provided, or to be provided, by that agency to any
12 other agency or department; provided further, however, that funds have been appropriated or
13 allocated to such agency or department for the purpose of purchasing these services.

14
15 27. Notwithstanding the provisions of any law or regulation to the contrary, should
16 appropriations in the Property Tax Relief Fund exceed available revenues, the Director of the
17 Division of Budget and Accounting is authorized to transfer General Fund unreserved,

19 fund balances are available from the General Fund, as determined by the Director of the Division

28
29 29. Notwithstanding the provisions of P.L.1954, c.48 (C.52:34-6 et seq.), amounts appropriated
30 for services for the various State departments and agencies may be expended for the purchase of
31 contract services from the New Jersey Sea Grant Consortium as if it were a State government
32 agency pursuant to subsection (a) of section 5 of P.L.1954, c.48 (C.52:34-10).

33
34 30. Out of the amounts hereinabove appropriated, the Director of the Division of Budget and
35 Accounting is empowered to approve payment of obligations applicable to prior fiscal years, upon
36 the written recommendation of any department head, or the department head's designated
37 representative. The Director of the Division of Budget and Accounting shall reject any
38 recommendations for payment which the Director deems improper.

39
40 31. Whenever any county, municipality, school district, college, university, or a political

42 payment on behalf of a county, municipality, school district, college, university or a political
43 subdivision thereof, then the Director of the Division of Budget and Accounting may withhold
44 State aid or grant payments and transfer the same as payment for such funds, as the Director of the

5 department, commission or board making a request therefore, and the money thus allotted shall
6 be disbursed by such custodian who shall require a receipt therefore from all persons obtaining
7 money from the fund. The director shall make regulations governing disbursement from petty cash
8 funds.
