16 (d) To the special track fund [*or training track fund*], all moneys required to be paid to [*those*
 17 *funds*] **that fund** by statute or rule.

18 (3) In lieu of a surety bond the commission may accept a certificate of deposit, an irrevocable
 19 letter of credit, or equivalent [*which will assure*] **that will ensure** that the obligations described
 20 [*above*] **in subsection (2) of this section** are paid, up to the designated amount. **The Attorney**

 28 at the expense of such claimant. The court may award reasonable attorney fees to the prevailing

31 (3) shall have priority over any other claims. No action may be brought for recovery on the bond
 32 or bond substitute unless written notice of the claim is made to the commission and to the race meet
 33 licensee within 120 days after the last day of the race meet or continuous race meet in which the
 34 obligation arose. The notice must be by registered mail, certified mail with return receipt or per-
 35 sonal service to the licensee or to the licensee's registered agent. Any action for recovery on the
 36 bond or bond substitute must be brought no earlier than 60 days and no later than 180 days after
 37 service of the written notice on the race meet licensee or on the licensee's registered agent. These

 39 claim pursuant to ORS 462.073 (2).

40 (5) Every person licensed to conduct a race meet for horses shall carry insurance to protect
 41 jockeys and, if appropriate, drivers. The type, form and amount of insurance, and the carrier, must
 42 be approved by the commission.

43 **SECTION 10.** ORS 462.125 is amended to read:

44 462.125. (1) The Oregon Racing Commission shall determine the number [*and classes*] of race
 45 meets to be held in any fiscal year, and the total number of racing dates to be granted to a licensee

1 subject to provisions of ORS 462.062 and 462.067. Not more than 350 days of racing, exclusive of
2 racing days authorized to designated licensees pursuant to subsection (5) of this section, shall be
3 held in any metropolitan area in any fiscal year. A licensee shall conduct at least 720 live races
4 under the license during each fiscal year race meets are held under the license. The commission
5 may reduce the number of races required under this section upon application by a horsemen's as-
6 sociation that negotiates with the race meet licensee.

7 (2) If a licensee under ORS 462.062 or 462.067 fails, for good cause, to complete all of the allo-
8 cated days in a licensed race meet or if the commission does not receive and approve license ap-
9 plications for all of the days allocated to [*either class of*] racing, the commission may add the unused
10 or unallocated days no later than June 30 of the following fiscal year, to the racing days allocated
11 to and available to the licensee or, in the discretion of the commission, to any other licensee [*of*
12 *either class of racing*] in the metropolitan area. Additional race days allocated under this subsection
13 are exempt from the limit of 350 days of racing in a fiscal year imposed by subsection (1) of this
14 section. The additional racing days granted by the commission to any eligible licensee may not ex-
15 ceed the total of the unused or unallocated racing days in any one fiscal year.

16 (3) If an emergency occurs on the day of racing, and a night racing program runs past the hour
17 of midnight, such time after midnight is not considered an additional racing day.

18 (4) As used in subsections (1) and (2) of this section, "metropolitan area" means:

19 (a) Multnomah, Clackamas and Washington Counties.

20 (b) Marion and Polk Counties.

21 (c) Linn and Benton Counties.

22 (d) A county other than those designated in paragraphs (a), (b) and (c) of this subsection.

23 (5) Each licensee designated in ORS 462.057 may be granted up to 12 days of horse[,] **or** mule
24 [*or greyhound*] racing to be held within the county in which the licensee holds its fair or show or
25 at a race course owned by a governmental agency or a nonprofit corporation in an adjoining county.
26 If a licensee does not use all of the licensee's allocated race days during the fiscal year, the com-
27 mission, in the commission's discretion, may allow that licensee to use the leftover days in the next
28 fiscal year. If a licensee referred to in this subsection wishes to make application to the commission
29 to schedule racing days that conflict with racing days previously scheduled by another such
30 licensee, at least 30 days prior to the date of a meeting of the commission, the governing bodies of
31 the applicant and the previous licensee shall meet at a time and place prescribed by the previous
32 licensee to discuss the applicant's proposed racing day schedule. The conclusion of the parties re-
33 garding the proposals for conflicting racing days and the matters upon which the parties agree or
34 disagree shall be reduced to writing signed by the parties and submitted to the commission not later
35 than 14 days prior to a meeting of the commission. The commission may approve or disapprove
36 proposals for conflicting racing days upon such terms and conditions as the commission considers
37 appropriate.

38 (6) The commission may not grant a license for any race meet within a county for dates that
39 conflict with racing dates granted to the county fair of such county.

40 (7) The commission may not grant a licensee that is subject to ORS 462.062 a license for a race
41 meet for a date that conflicts with a race meet date granted to a licensee that is subject to ORS
42 462.057, unless the commission has the consent of the licensee that is subject to ORS 462.057. This
43 subsection applies only if the licensee that is subject to ORS 462.057 held a race meet during the
44 2002 calendar year on a date substantially similar to the date that is the subject of the conflict. A
45 licensee that is subject to ORS 462.057 may not unreasonably withhold consent under this sub-

1 section.

2 **SECTION 11.** ORS 462.140 is amended to read:

3 462.140. (1) A person may not conduct or commit, attempt or conspire to conduct or commit pool
4 selling, bookmaking, or circulate handbooks, or bet or wager on any licensed race meet, other than
5 by the mutuel method. All moneys wagered in Oregon must be accounted for through a computerized
6 mutuel wagering system in use by an operating race meet in this state and approved by the Oregon
7 Racing Commission. Wagering into pools outside of Oregon via telephone or other device is prohib-

9 mutuel wagering pursuant to ORS 462.700 to 462.740.

11 wagering system subject to approval by the commission.

12 (3) A race meet licensee shall compute breaks in the mutuel system at 10 cents for each dollar
13 wagered in a specific mutuel pool except, when the breaks in the mutuel system compute to less
14 than 10 cents total for each dollar wagered, the race meet licensee shall compute the breaks on that
15 specific mutuel pool at five cents. When the breaks in the mutuel system compute at 10 cents or
16 more for each dollar wagered, the race meet licensee shall pay in increments of 10 cents for each
17 dollar wagered. When the breaks in the mutuel system compute to less than 10 cents for each dollar
18 wagered, the race meet licensee shall pay five cents for each dollar wagered. *[For horses, 45 percent*
19 *of the breaks shall be retained by the licensee. For greyhounds, 33-1/3 percent shall be retained by the*
20 *licensee. The other 55 percent for horses and 66-2/3 percent for greyhounds shall be paid as follows:]*

21 **The licensee shall retain 45 percent of the moneys. The licensee shall pay the remaining 55**
22 **percent as follows:**

35 (B) For stallion awards;

36 (C) For education of the members of the association and other horsemen regarding the breeding
37 and racing of quarter horses; or

38 (D) For the promotion and development of quarter horse breeding and racing in Oregon.

39 (c) For races for any other horses not designated in paragraphs (a) and (b) of this subsection,
40 to each association of horsemen recognized by the commission as representing the other breeds of
41 horses, to be used by that association subject to prior approval of the commission, in such amounts
42 and for such of the following purposes as each recognized association deems desirable:

43 (A) For breeders awards;

44 (B) For stallion awards;

45 (C) For education of the members of the association and other horsemen regarding the breeding

1 and racing of horses; or

2 (D) For the promotion and development of horse breeding and racing in Oregon.

3 [(d) *By a licensee of a race meet for greyhounds:*]

13 **SECTION 12.** ORS 462.155 is amended to read:

14 462.155. (1) The Oregon Racing Commission may allow a race meet operator [*that holds a Class*
15 *A license*] to conduct mutuel wagering at the licensee's race course on horse races previously held
16 if:

17 (a) The races were actual events held at race courses during race meets;

18 (b) The races were subject to mutuel wagering at the time the races were originally held; and

19 (c) The race meets at which the races were originally held were approved by the commission
20 or by an equivalent regulatory body in another state.

21 (2) Subsection (1) of this section allows mutuel wagering on a horse race displayed as a video
22 or audio recording, or another form of recording approved by the commission, but does not authorize
23 wagering on any animation, computer simulation or other artificial representation of horse racing.

24 (3) Subsection (1) of this section does not apply to a race meet operator described in ORS
25 462.057 (2). Subsection (1) of this section does not authorize off-race course wagering or multi-
26 jurisdictional simulcasting for horse races previously held.

27 **SECTION 13.** ORS 462.510 is amended to read:

28 462.510. (1) Any person who attempts to, or does persuade, procure or cause another person to
29 wager on an animal participating in a race, and upon which money is wagered, and who asks or
30 demands, or accepts compensation as a reward for information or purported information given in
31 such case is a tout, and is guilty of touting.

32 (2) Predictions on the outcome of horse races [*and greyhound races*] may be sold on the
33 licensee's premises in accordance with rules promulgated by the Oregon Racing Commission.

34 **SECTION 14.** ORS 462.710 is amended to read:

35 462.710. (1) Any race meet licensee may make written application to the Oregon Racing Com-
36 mission to conduct off-race course mutuel wagering:

37 (a) On races held at the licensee's race course; or

38 (b) On races held at race courses outside this state.

39 (2) The application shall be in such form, shall contain such information and shall be submitted
40 at such time and in such manner as the commission may require. Information required by the com-
41 mission may include, but is not limited to, a description of the facilities, equipment and method of
42 operation whereby the applicant proposes to conduct off-race course mutuel wagering activities.

43 (3) The commission shall authorize off-race course mutuel wagering upon such terms and con-
44 ditions regarding the time, location and manner of operation as the commission considers appropri-
45 ate. The commission may not authorize more than 20 locations for off-race course mutuel wagering

1 to be in operation at any one time and shall permit off-race course mutuel wagering only at an au-
2 thorized location. The commission may not authorize the conduct of off-race course mutuel wagering
3 at any time or place or in any manner that the commission determines would have substantial ad-
4 verse impact upon mutuel wagering on races held at a race course in this state. The commission
5 may not authorize a race meet licensee to conduct off-race course mutuel wagering within the
6 boundaries of any city or county that has adopted an ordinance prohibiting the conduct of that ac-
7 tivity within the city or county. The commission may not authorize a race meet licensee to conduct
8 off-race course mutuel wagering in any county with a population of less than 250,000 at a location
9 that is within 40 miles of any other location where another race meet licensee is conducting a live
10 race meet without written consent of the live race meet licensee.

11 (4) In addition to other grounds provided in this chapter, the commission may refuse to issue
12 or renew or may revoke or suspend the license of any race meet licensee, or any employee thereof,
13 for failure to comply with ORS 462.700 to 462.740 or commission rules.

14 (5) If a race meet licensee proposes to conduct off-race course mutuel wagering at a physical
15 facility separate from the race course:

16 (a) Individuals working at the separate facility must obtain a license for such employment from
17 the commission if the individuals are performing duties for which a license would be required if the
18 duties were performed at a race course. The fee for any such license shall be the same as the fee
19 for the license required if the individual were working at a race course.

20 (b) ORS 462.080, 462.190 and 462.195 apply to the race meet licensee and to individuals at the
21 facility in the same manner as if the mutuel wagering activity were being conducted at a race
22 course.

23 (6) In addition to other requirements of ORS 462.700 to 462.740, the commission may authorize
24 a race meet licensee to conduct off-race course mutuel wagering on a particular race that is held
25 at a race course outside this state subject to the following conditions:

26 (a) The commission may authorize only one race meet licensee, that is the holder of a license
27 under ORS 462.062 or 462.067, to conduct off-race course mutuel wagering on the race.

28 (b) The commission may authorize such off-race course mutuel wagering to be conducted at the
29 licensee's race course and any off-race course wagering site approved by the commission.

30 (c) The commission may authorize a race meet licensee to conduct off-race course mutuel
31 wagering on either horse races or greyhound races.[, *except that:*]

32 [(A) *A horse race meet licensee may conduct off-race course mutuel wagering on greyhound races*
33 *only if there is no active greyhound race meet licensee; and]*

34 [(B) *A greyhound race meet licensee may conduct off-race course mutuel wagering on horse races*
35 *only if there is no active horse race meet licensee.]*

36 (d) If a licensee applies for authority to conduct mutuel wagering on horse races held at race
37 courses outside this state, the commission may require that the licensee provide such evidence as
38 the commission considers appropriate regarding the ability of the licensee to comply with the
39 Interstate Horseracing Act of 1978, 15 U.S.C. 3001 to 3007, as amended.

40 **SECTION 15. ORS 462.135 is repealed.**

41 **SECTION 16. If a person who was licensed under ORS 462.040 (2013 Edition) to conduct**
42 **Class B racing of greyhounds in this state retains on the effective date of this 2015 Act any**
