4 sponsored captive insurance company shall have recourse against the assets

6 cell. A creditor of a protected cell shall not be entitled to recourse against the  
7 assets attributable to any other protected cell or to the assets in the sponsored  
8 captive insurance company's general account.

9 (b) When a sponsored captive insurance company has an obligation to a  
10 creditor arising from a transaction, or otherwise imposed, with respect to a  
11 particular protected cell, the obligation:

12 (1) shall extend only to the assets attributable to that protected cell, and  
13 the creditor shall be entitled to recourse only against the assets attributable to  
14 that protected cell; and

15 (2) shall not extend to the assets of any other protected cell or to the  
16 assets in the sponsored captive insurance company's general account, and the

19 company's general account.

5       more, shall not constitute or be deemed to be a fraudulent conveyance, an  
6       intent by the sponsored captive insurance company to defraud creditors, or the  
7       carrying out of business by the sponsored captive insurance company for any  
8       other fraudulent purpose.

9               \* \* \* Risk Retention Groups; Governance Standards \* \* \*

10       Sec. 8. 8 V.S.A. § 6052(g) is added to read:

11       (g) This subsection establishes governance standards for a risk retention  
12       group.

13               (1) As used in this subsection:

14               (A) “Board of directors” or “board” means the governing body of a  
15       risk retention group elected by group members to establish policy, elect or  
16       appoint officers and committees, and make other governing decisions.

17               (B) “Director” means a natural person designated in the articles of  
18       the group or designated, elected, or appointed by any other manner, name, or  
19       title to act as a director.

20               (C) “Independent director” means a director who does not have a  
21       material relationship with the risk retention group. A direct or indirect owner

1 of, or subscriber in a group, including an officer, director, or employee, as  
2 contemplated under subdivision 3901(a)(4)(E)(ii) of the federal Liability Risk  
3 Retention Act, qualifies as independent under this subdivision, unless such  
4 owner, through another position, has a material relationship with the group. A  
5 director has a material relationship with a group if he or she, or a member of  
6 his or her immediate family:

7 (i) In any 12-month period, receives from the group, or from a  
8 consultant or service provider to the group, compensation or other item of  
9 value in an amount equal to or greater than five percent of the group's gross  
10 written premium or two percent of the group's surplus, as measured at the end  
11 of any fiscal quarter falling in such 12-month period, whichever is greater.

12 This provision also applies to compensation or items of value received by any  
13 business with which the director is affiliated. Such material relationship shall  
14 continue for one year after the item of value is received or the compensation  
15 ceases or falls below the threshold established in this subdivision, as  
16 applicable.

17 (ii) Is affiliated with or employed in a professional capacity  
18 by a current or former internal or external auditor of the group. Such  
19 material relationship shall continue for one year after the affiliation or  
20 employment ends.

1           (iii) Is employed as an executive officer of another company  
2           whose board of directors includes executive officers of the group. Such  
3           material relationship shall continue until the employment or service ends.

4           (D) “Material service provider” includes a captive manager, auditor,  
5           accountant, actuary, investment advisor, attorney, managing general  
6           underwriter, or other person responsible for underwriting, determination of  
7           rates, premium collection, claims adjustment or settlement, or preparation of  
8           financial statements, whose aggregate annual contract fees are equal to or  
9           greater than five percent of the group’s annual gross written premium or two  
10           percent of its surplus, whichever is greater. It does not mean defense counsel  
11           retained by a group, unless his or her annual fees are equal to or greater than  
12           five percent of a group’s annual gross premium or two percent of its surplus,  
13           whichever is greater.

14           (2) The board of directors shall determine whether a director is  
15           independent; review such determinations annually; and maintain a record of  
16           the determinations, which shall be provided to the Commissioner promptly,  
17           upon request. The board shall have a majority of independent directors. If the  
18           risk retention group is reciprocal, then the attorney-in-fact is required to adhere  
19           to the same standards regarding independence as imposed on the group’s board  
20           of directors and, to the extent permitted under state law, material service

1 providers of a reciprocal risk retention group shall contract with the group, not  
2 the attorney-in-fact.

3 (3) The term of any material service provider contract entered into with  
4 a group shall not exceed five years. The contract, or its renewal, requires  
5 approval of a majority of the group's independent directors. The board of  
6 directors has the right to terminate a contract at any time for cause after  
7 providing adequate notice, as defined in the terms of the contract.

8 (4) A group shall not enter into a material service provider contract  
9 without the prior written approval of the Commissioner.

10 (5) A group's plan of operation shall include written policies approved  
11 by its board of directors requiring the board to:

12 (A) provide evidence of ownership interest to each group member;

13 (B) develop governance standards applicable to the group;

14 (C) oversee the evaluation of the group's management, including the  
15 performance of its captive manager, managing general underwriter, or other  
16 person or persons responsible for underwriting, rate determination, premium  
17 collection, claims adjustment and settlement, or preparation of financial  
18 statements;

19 (D) review and approve the amount to be paid under a material  
20 service provider contract; and

1           (E) at least annually, review and approve:

2                   (i) the risk retention group's goals and objectives relevant to the  
3           compensation of officers and service providers;

4                   (ii) the performance of officers and service providers as measured  
5           against the group's goals and objectives;

6                   (iii) the continued engagement of officers and material service  
7           providers.

8           (6) A risk retention group shall have an audit committee composed of at  
9           least three independent board members. A nonindependent board member may  
10           participate in the committee's activities, if invited to do so by the audit  
11           committee, but he or she shall not serve as a committee member. The  
12           domestic regulator may waive the requirement of an audit committee if the  
13           group demonstrates to the regulator's satisfaction that having such committee  
14           is impracticable and the board of directors is able to perform sufficiently the  
15           committee's responsibilities. The audit committee shall have a written charter  
16           defining its responsibilities, which shall include:

17                   (A) assisting board oversight of the integrity of financial statements,  
18           compliance with legal and regulatory requirements, and qualifications,  
19           independence, and performance of the independent auditor or actuary;

20                   (B) reviewing annual and quarterly audited financial statements with  
21           management;

- 1           (C) reviewing annual audited financial statements with its  
2           independent auditor and, if it deems advisable, the group's quarterly financial  
3           statements as well;
- 4           (D) reviewing risk assessment and risk management policies;
- 5           (E) meeting with management, either directly or through a designated  
6           representative of the committee;
- 7           (F) meeting with independent auditors, either directly or through a  
8           designated representative of the committee;
- 9           (G) reviewing with the independent auditor any audit problems and  
10          management's response;
- 11          (H) establishing clear hiring policies applicable to the hiring of  
12          employees or former employees of the independent auditor by the risk  
13          retention group;
- 14          (I) requiring the external auditor to rotate the lead audit partner  
15          having primary responsibility for the risk retention group's audit, as well as the  
16          audit partner responsible for reviewing that audit, so that neither individual  
17          performs audit services for the group for more than five consecutive fiscal  
18          years; and
- 19          (J) reporting regularly to the board of directors.
- 20          (7) The board of directors shall adopt governance standards, which shall  
21          be available to group members through electronic or other means, and

1 provided to group members, upon request. The governance standards shall  
2 include:

3 (A) a process by which group members elect directors.

4 (B) director qualifications, responsibilities, and compensation;

5 (C) director orientation and continuing education requirements;

6 (D) a process allowing the board access to management and, as  
7 necessary and appropriate, independent advisors;

8 (E) policies and procedures for management succession; and

9 (F) policies and procedures providing for an annual performance  
10 evaluation of the board.

11 (8) The board of directors shall adopt a code of business conduct and  
12 ethics applicable to directors, officers, and employees of the group and criteria  
13 for waivers of code provisions, which shall be available to group members  
14 through electronic or other means, and provided to group members, upon  
15 request. Provisions of the code shall address:

16 (A) conflicts of interest;

17 (B) matters covered under the Vermont corporate opportunities  
18 doctrine;

19 (C) confidentiality;

20 (D) fair dealing;

21 (E) protection and proper use of group assets;

1           (F) standards for complying with applicable laws, rules, and  
2           regulations; and

3           (G) mandatory reporting of illegal or unethical behavior affecting  
4           operation of the group.

5           (9) The president or chief executive officer of a risk retention group  
6           shall promptly notify the domestic regulator in writing of any known material  
7           noncompliance with the governance standards established in this subsection.

8           Sec. 9. EFFECTIVE DATE; APPLICATION

9           This act shall take effect on passage. Sec. 8 (governance standards  
10           applicable to risk retention groups) shall apply to risk retention groups first  
11           licensed on or after the effective date of this act, and shall apply to all other  
12           risk retention groups one year after the effective date of this act.
