Analysis by the Legislative Reference Bureau

Current law prohibits a person from possessing a firearm if he or she has been convicted of a felony, found not guilty of a felony by reason of mental disease or defect, or adjudicated delinquent for an act that if committed by an adult in this state would be a felony. A person who violates the prohibition is guilty of a Class G felony.

This bill adds that a person may not possess a firearm if the person was convicted of a violent misdemeanor, found not guilty of a violent misdemeanor by reason of mental disease or defect, or adjudicated delinquent for an act that if committed by adult in this state would be a violent misdemeanor. The prohibition would be for ten years following the most recent conviction, finding, or adjudication.
